

Plan to attend the...

Park County Noxious Weed Fair

Park County Extension, in cooperation with the Park County Weed District and the Upper Yellowstone and Shields Valley Watershed Groups, invite you to attend a Weed Fair on May 4th or May 5th. The Fair will include a field presentation by Monty Sullins, Dept. of Ag Vertebrate Pest Specialist regarding Richardson's Ground Squirrel (gophers) biology, damages & control methods. In addition, Tracy Mosley, Park County Ag Extension Agent will debrief everyone on restricted use pesticide recordkeeping. For those with a pesticide license, this event is worth a total of 3 credits. And, most importantly, a hardy dinner will be served to all attendees.

This event is free and open to the public
Please contact Park County Extension
222-4156 or Park Conservation District
222-2899x111 with any questions
