

Commission Meeting Minutes; Park County, Montana  
Week of September 8 – 12, 2008

September 8, 2008  
County Road Updates

@8:34:18 a.m., Chairman Lahren called a meeting to order in the Commissioners Chambers. Commissioners Denton, Durgan and Lahren were present. Also present was Ed Hillman, road supervisor; Dan Gravage, MDT; Scott Optiz; MT FWP; Don Holland, auditor; and Commission Minutes Clerk John Mueller. No public comment was made.

The meeting was scheduled to discuss county road updates.

@8:34:23 a.m., the Commission recessed the meeting until Durgan is present. Durgan was onsite at the Deep Creek Road Bridge with Road Supervisor Ed Hillman; Scott Opitz of Montana Fish, Wildlife and Parks; and Dan Gravage of Montana Department of Transportation. @9:41:24 a.m., Lahren reopened the meeting when those individuals returned from the Deep Creek Bridge site.

Lahren advised Hillman the Jardine Road is to be fixed because the Commission has been advised by Gardiner emergency services they will not service the area up the Jardine Hill until that road is graded and maintained. Lahren said last week the superintendent of schools called about the road with a complaint about the road's condition. Lahren said he is entering the message from the emergency services into the public record. Durgan said the Commission needs to visit the site and learn from the citizens there what part of the road needs the most work.

In discussing the Deep Creek Road Bridge, Hillman said the same 124 permit he submits to the Montana Fish and Game goes to the Army Corps of Engineers for approval. Hillman said he sent the permit to the Army Corps the same day he submitted it to Scott Opitz of Montana Fish and Game. Lahren said he needs to see the permit Hillman submitted to the Corps.

Opitz said he has had the permit from Hillman for at least a couple of weeks. He said the Army Corps is part of the permitting process but it is their own agency. Opitz said work cannot start on the bridge until the Corps gives approval of the permit to begin work.

Hillman said he called the Corps last week and they told him the permit is probably in the unopened mail. Lahren asked if Hillman has copies of the permit he can submit to the Commission. Hillman said he has the copy he sent to Opitz and can get that to the Commission.

Durgan said the railroad car bridge is stressed and damaged. Durgan said it has definitely been bent at its northwest end. Durgan said there is no fracture but a bend in the bridge, and if that end of the bridge is raised up it will be sticking up in the air.

Lahren said Gravage said on September 4, 2008, the day he and Lahren were onsite, the bridge just needs to be jacked up and that's the information he had gone on.

Lahren said he wants to know what permits the county needs before a repair plan is devised. Hillman said he put in two permits, one for installing the emergency crossing and one for rebuilding the bridge. Hillman said the bridge was to be rebuilt with equipment and materials at the county road shop. Hillman said the bridge needs five new stringers and new abutments out of treated timber. Hillman said he does not have a design of that fix. He said he submitted a permit to the Corps. Opitz said the permit showed no bank disturbance. Opitz said he and Hillman discussed onsite a while back. Opitz said he did not have an issue with a bottomless culvert, but the issue that came up onsite was the size and expense of that culvert. Opitz said a bottomless culvert would work in the stream if it was big enough. Lahren said the Commission was told by Hillman a bottomless culvert could not be put in. Lahren said the Commission has not seen any cost comparisons between a bridge fix and a bottomless culvert.

Durgan said the county has the materials to fix the bridge and a bottomless culvert would take time to obtain, so that was a reason why the bridge fix was considered.

Lahren said the county is currently missing one permit from the Corps. But he said the Corps will not issue that permit until it sees a plan of how much of the bank will be disturbed. Lahren said today's repair plan from Gravage should be in the county's Army Corps permit application.

Opitz said the approved permit from Fish and Game is for replacement of the bridge with timber abutments in the existing roadway so the dimensions and the bank disturbance is on the plan. Opitz said if the Commission chooses to proceed with that plan, that part of the plan is valid, but if the Commission changes repair designs will require a new permit through Fish and Game. Opitz said a new permit will be needed if the county puts in a bottomless culvert. Hillman said a bottomless culvert will take 6 weeks to get. Lahren said a bottomless culvert is not an option then because the Commission is under a mandate to be finished with the bridge on September 22.

Durgan said Mike Adkins said onsite this morning he could fix the bridge for \$1,000 and will guarantee the fix. Hillman said Mike Adkins told him Adkins can heat the bridge and straighten it for \$1,000.

Lahren said he needs to see a copy of the permit application Hillman submitted to the Corps of Engineers.

Gravage said the county can fix the railroad car there, or put in stringers, wood abutments and put on decking.

Durgan said it was Gravage's recommendation this morning that he would pull the railroad car out and build a new bridge. Gravage said as soon as the new structure is up

and running MDT will do an inspection on it and get it into the MDT system. He said MDT will put a new load limit on the bridge. Durgan said it would be hard to put a load limit on the bridge if the railroad car remains as the bridge.

Hillman said he told Gravage the county will build the bridge just like it did the Six Mile Bridge.

Lahren said the county can't work on the bridge until the county gets the permit from the Corps, so there was no way he could have told Hillman to stop work on the bridge because work cannot legally start without a permit.

@10:07:53 a.m., Durgan made a motion to adjourn the meeting. Denton seconded that motion. The meeting was adjourned.

September 8, 2008

Discussion of Agenda and Review of Meeting Minutes for Week of September 1, 2008

@9:02:27 a.m., Chairman Lahren called a meeting to order in the Commissioners Chambers. Commissioners Denton and Lahren were present. Also present was Commission Minutes Clerk John Mueller. No public comment was made.

The meeting was scheduled to discuss the Commission's upcoming agenda and review for approval Commission meeting minutes for the Week of September 1, 2008.

Commissioner Denton requested a correction to Page 2 of 16. Denton noted the correct spelling of the words "bridge," "properly" and "agenda." Denton requested a correction to Page 9 of 16, the second paragraph should read "Denton said Cooke City residents asked if the Commission will be in town October 24 and November 21 to accept and award resort tax bids." Denton requested the first sentence of the third paragraph read, "Linneweber said he reviewed the language of a Livingston senior center housing rehabilitation contract and that contract is ready to go." Denton requested the third bullet point read, "The Commission determined a veteran memorial service bill will be held until the individual responsible for approving such bills returns to work."

Lahren requested a correction to Page 12 of 16. Lahren requested the first full paragraph read in entirety, "Lahren asked if Hillman submitted a detailed work plan to the Commission for approval for 124 and 404 permits. Hillman said he had and asked why he needed a 404 permit. He said he does not need a 404 permit. Hillman said he is getting a 124 permit from the state Fish and Game and a 124 permit from the Army Corps of Engineers."

Lahren recommended passing the minutes as corrected. Denton seconded that motion. Motion passed.

The Commission reviewed and approved the upcoming meeting agenda provided by Executive Assistant Raea Morris.

@9:15:57 a.m., Lahren made a motion to adjourn the meeting. Denton seconded that motion. The meeting was adjourned.

September 8, 2008

Review Correspondence, Public Contacts and Determine Action Plan

@10:09:14 a.m., Vice-Chairman Durgan called a meeting to order in the Commissioners Chambers. Commissioners Denton, Durgan and Lahren were present. Also present was Bill Hurley, operations and Commission Minutes Clerk John Mueller. No public comment was made.

Correspondence included:

- Email from Dann Babcox of PCRFD#1 re. district paying for landfill dumping costs. Hurley said possibly establish two \$1 contracts with the district for accepting landfill trash for fire services - To Lahren for response
- Invoice from PCRFD#1 for a grassfire on Swingley Road
- Memo re. question whether Park County Fire Warden exists
- Memo re. seminar at Job Service on September 24 - To Denton for review
- Memo from MACO re. mistaken longevity calculations for wage recovery for deputy sheriff's submitted by MACO - To Human Resources manager for review
- Park County citizens encroachment permit - To Lahren for review
- MT Dept of Labor and Industry brochure re. economy in state of Montana
- Professional Development Center brochure - To Denton for review
- Schematic of Deep Creek Road bridge and position of cattle guard crossing from deed record – To Road Book
- Invoice for taking down an antenna tower - To accounts payable for review
- Memo re. drug recall warning
- MACO newsletter
- Agenda for August 21 meeting for library board complete with financial results
- Email from Citizen Bill Moser re. growth policy changes
- Memo to Lahren re. refuse assessment on property - Lahren discussed the issue with Landfill Manager Lois Hatfield
- Email from Bob Fry and the Commission re. reviewing Frenchtown subdivisions
- Brochure from Forest Service showing Paradise Valley prescribed burns for 2008 - To file
- Memo from GIS manager re. road work cost plan
- Memo from Trout Unlimited recommending specific action on Fleshman Creek - To file
- Memo re. Commissioner Denton to sit on the Park County Mental Health local advisory commission
- Memo from MACO re. Rural Schools and funding
- Memo from planning director re. rural special improvement districts and MACO seeking statutory change for participation in an RSID reduced from 100% to 60%

- Memo re. staff change in Dennis Rehberg office
- Verbal public information request form submitted by county accounting employee
- Brochure re. governor's council on aging - To Denton for review
- Letter from Stillwater County commissioners re. their position on MT beef quality insurance and bio security - To file
- Memo from Upper Yellowstone Watershed Basin re. prescribed burns in Paradise Valley
- Memo from Commissioner Lahren to Commission re. reviewing an internet link
- Memo re. Livingston parcel appeal - To planning department for review
- Memo from clerk and recorder re. confusion about accounting and coding figures
- Memo from Architect Jim Snyder re. 10% retainage issue - To file
- Memo from citizen requesting refund of \$185 refuse tag cost in Levy District 1612
- Employee memo to Commission re. questioning cutting the maintenance position to part time
- Memo from FWP re. west channel of Yellowstone River reopened
- Memo from MACO re. upcoming Wheeler conference Oct. 1 and 2 in Billings
- Memo from MACO re. public water supply and Wildland Urban Interface DNRC proposed rules - To planning director
- Minutes for Upper Yellowstone Council August 7 meeting
- Memo re. department head meeting agenda Karen Harrison would like to check out procedure for county vehicles
- Memo re. obtaining Wi-Fi access at that fairgrounds
- Memo re. three county positions open
- Memo from Durgan out of the office on October 16
- Memo re. Light/Medium Truck magazine information
- Memo from GIS manager re. streaming music into courthouse during election weeks
- Memo from Undersheriff Scott Hamilton re. citizen phone call praising professionalism of Park County deputies - To human resources department
- Memo re. community networking meeting on Sept. 8 at Job Service building
- Memo from GIS Erica Hoffman re. using commissioners Durango
- Memo from land rights association re. federal land grab - To Durgan for review
- Email from DES coordinator Belinda Van Nurden re. postponing September safety meeting
- September MACO newsletter
- Memo from BLM and DEQ re. mountain states transmission project - To Durgan for review
- Memo from USDA Farm Service Agency re. 1961 aerial photographs in Extension Office property of Park County FSA office - Lahren said the aerials are online as backup
- Homebuyer's Assistance brochure - To Denton for review
- Job Service newsletter - To Denton for review
- Memo re. Commission postage meter amounts for August and September

- Request for meeting on September 10 from Park County Office of Public Assistance
- Park County Cooperative Weed Management Area meeting notice - To Durgan for review
- Memo re. discussion of analysis report to be drafted by Auditor Holland and Bill Hurley
- Citizen email re. historical mural to be painted on town's mercantile building
- Memo re. Sept 11 at Best Western Yellowstone Inn gas leasing energy conference
- Memo re. 911 Communications September 18 meeting canceled
- Memo from MACO re. report on local investments in state STIP program
- Memo from MACO re. TORT class on September 10
- Memo re. Montana Water Trust - To Durgan for review
- Memo from MACO re. interim inter-committee meetings - To Durgan for review
- Memo from Grants Coordinator Lori Benner re. senior citizens center CBDG contract - To Commission addressed that issue last week
- Sketches of Deep Creek Road - To Road Book
- Email from Lahren re. county road and encroachment permit process
- Memo from VanJamison re. wind energy - To Durgan for review
- Memo from County Attorney Linneweber re. non emergency phone calls to his office line
- Memo from Raea Morris re. filing procedure of budget information
- Memo from Nittany Grantworks re. 9th Street Bridge project and Treasure State Endowment program - To Lahren for review
- Agenda of Mental Health Oversight Council in Helena - To Denton for review
- Heard Across Montana newsletter - To Hurley for review
- Invoice from contractor for rabbit and poultry barn - Sent to accounts payable
- Request from Dawson County about nursing pay in Park County - To county nurse for review
- Memo from Undersheriff Hamilton re. new cell phone number
- Wind energy information - To Durgan for review
- Memo re. new coordinator of Addictive and Mental Disorders Division - To Denton for review
- Memo re. Job Service re. September 9 meeting - Denton will attend that meeting
- Memo from Park County Attorney's office re. real property purchase request information

@12:18:28 p.m., Durgan made a motion to adjourn the meeting. Denton seconded that motion. The meeting was adjourned.

September 9, 2008

9:00 A.M. – Fiscal Year 2009 Budget Workshop – Commissioners Chambers – Canceled

September 9, 2008

Discussion with MACO about Identification of Loss Control Priorities to Liability and Property Exposure

@1:06:49 p.m., Chairman Lahren called a meeting to order in the Commissioners Chambers. Commissioners Denton, Durgan and Lahren were present. Also present was Greg Jackson, MACO; Tom Berry, Key Insurance; Alice Senter, Key Insurance; Marilyn Hartley, accounting; Bill Hurley, operations; and Commission Minutes Clerk John Mueller. No public comment was made.

The meeting was scheduled to discuss Park County's identification and loss control priorities to liability and property exposure with the Montana Association of Counties.

Greg Jackson of MACO provided a Large County Loss Control Planning Meeting agenda and said the meeting will serve to review Park County's losses over the last five years for liability and property. Jackson said MACO will work with the county's insurance provider to identify types of trainings or workshops needed to reduce claims and set up an action plan for those trainings between now and June 30, 2009. Action plan trainings can include safe driving classes.

Jackson reviewed the number of claims and cost by coverage for Park County from 2003-2008. Jackson said Errors and Omissions are the highest claims and cost by coverage category for Park County over those years. Jackson said that category includes personnel issues, subdivision and zoning, and automobile claims.

Jackson said MACO is considering establishing a loss control incentive program that will be based on the workers' compensation program. Jackson said that program will offer credits by achieving certain objectives in reducing claims and implementing loss control programs.

Durgan said the county's safety program is always looking for relevant training programs the county can offer its employees.

Lahren asked if standard protocol exists for closing bridges with signage. Lahren said the Commission would like to have a memo explaining what types of signage and weight limits must be established in closing and reopening bridges. Jackson said a MACO representative is going to begin visiting member counties to discuss bridge issues.

@1:36:25 p.m., Durgan made a motion to adjourn the meeting. Lahren seconded that motion. The meeting was adjourned.

Review and Sign Annual Agreement between DPHHS Park County and the Commission

@1:34:59 p.m., Vice-Chairman Durgan called a meeting to order in the Commissioners Chambers. Commissioners Denton and Durgan were present. Also present was Nancy Ambrose, Office of Public Assistance and Commission Minutes Clerk John Mueller. No public comment was made.

The meeting was scheduled to review and sign an annual agreement between the Department of Public Health and Human Services of Park County and the Park County Commissioners.

Nancy Ambrose reviewed with the Commission a Park County Combination Annual Agreement between the Park County Commission and the local Office of Public Assistance. The agreement addresses the determination of public assistance benefit of eligibility for TANF (Temporary Assistance for Needy Families), Medicaid, and SNAP (Supplement Nutrition Assistance Program formerly known as the Food Stamp Program) in the local Office of Public Assistance. Ambrose reviewed assistance programs and resources available to Park County residents through the public assistance office. Ambrose also provided the Commission with a budget status report for the fiscal year ending June 30, 2008.

Denton and Durgan signed the agreement.

@2:07:57 p.m., Durgan made a motion to adjourn the meeting. Denton seconded that motion. The meeting was adjourned.

September 10, 2008

2:00 P.M. – Fiscal Year 2008 Budget Workshop – Commissioners Chambers – Canceled

September 11, 2008

Special Election Canvassing

@9:02:59 a.m., Clerk and Recorder Denise Nelson called a meeting to order in the Commissioners Chambers. Commissioners Denton, Durgan and Lahren were present. Also present was Rhonda Winge, clerk and recorder's office; City of Livingston officials Bruce Becker and Vicki Blakeman. No public comment was made.

The meeting was scheduled to canvass a city special election for a railroad crossing at the west end of town.

Blakeman, Becker and Nelson reviewed votes for and tally numbers for accuracy. Commissioner Lahren signed a document certifying the county commission witnessed the vote canvassing and that the vote was correct.

@9:38:02 p.m., Nelson adjourned the meeting.

September 11, 2008

10:00 A.M. – Local Emergency Planning Committee – West Room

September 11, 2008

Consider Professional Services Contract Addendum for Oasis Environmental Inc.

@10:35:05 a.m., Chairman Lahren called a meeting to order in the Commissioners Chambers. Commissioners Denton, Durgan and Lahren were present. Also present was Lori Benner, grants coordinator; Shannan Piccolo, deputy county attorney; and Commission Minutes Clerk John Mueller. No public comment was made.

The meeting was scheduled to consider a professional services contract addendum for engineering services to prepare a comprehensive management plan for the restoration of a 2.7 mile section of Fleshman Creek.

Lori Benner provided the Commission with an addendum to extend the current contract deadline for final product from September 15, 2008 to November 14, 2008. Benner said the purpose of the addendum to the contract is to modify Article 6 so that it states, "This plan will be submitted to the County no later than November 14, 2008. Benner said the purpose of the deadline extension is to allow more time for Oasis Environmental, Inc. and Park County to analyze the potential of using the plan as part of a grant application to the U.S. Federal Emergency Management Agency due on December 1, 2008.

Lahren made a motion to extend the deadline as suggested by Benner. Denton seconded that motion. Motion passed.

@10:42:31 a.m., Lahren made a motion to adjourn the meeting. Denton seconded that motion. The meeting was adjourned.

September 11, 2008

Discuss Use of Road Department Shop

@11:04:05 a.m., Chairman Lahren called a meeting to order in the Commissioners Chambers. Commissioners Durgan and Lahren were present. Also present was Ed Hillman, road department; Dan Hackman, shop mechanic; Lois Hatfield, landfill; and Commission Minutes Clerk John Mueller. No public comment was made.

The meeting was scheduled to discuss use of the road department shop.

Lois Hatfield said in the past Mechanic Dan Hackman maintained landfill equipment and she felt that arrangement worked well. She said she would like to continue that arrangement and the landfill will pay him per maintenance. Hatfield said she will do the paperwork for Hackman. Hatfield said it will be costly to upgrade landfill buildings if it has to use them to maintain its equipment and she does not have any water at the landfill to pressure wash equipment. Hatfield said warranty work on landfill equipment can be done by Hackman and does not have to be done by CAT or John Deere, but a maintenance schedule must be kept. Hatfield said warranty oil samples should be done by Hackman.

Lahren said the shop use problem started with departments bartering for services, specifically between county enterprise entities that must pay for themselves. Lahren said the bartering agreements need to be straightened out.

Hatfield listed the equipment she needs Hackman to maintain. That equipment includes a John Deere 624J loader; 755D track loader; 210 excavator; and a Volvo dump truck.

Hatfield said the landfill paid Hackman \$50/hour plus parts by appointment for equipment work.

Hillman said as long as Hackman is willing to do the landfill equipment work and Hatfield is willing to pay he is okay with the arrangement.

Lahren said invoices for parts and labor must be filled, assigned the correct account number and submitted to accounts payable. Hatfield said she will take care of the equipment maintenance paperwork and submit it to Hackman and Hillman for signatures and submittal to accounts payable.

Lahren said each service used by a department at the county shop, such as using the power washer in a heated, lighted stall, must be charged an hourly rate to the appropriate department because all services cost the county road department, which manages the county mechanic budget. There was discussion those charges could go into a depreciation account to purchase new equipment, such as a new power washer or welder, when necessary. Hillman and Hackman said they will come up with hourly rates for services.

Hatfield said she is willing to permit the road crew to use the landfill loader when it needs a load of material from the landfill.

@11:34:25 a.m., Lahren made a motion to adjourn the meeting. Durgan seconded that motion. The meeting was adjourned.

September 11, 2008

Consider Certification of Survey Cost Estimate for North and South Sides of Stone Street in Gardiner

@1:07:12 p.m., Chairman Lahren called a meeting to order in the Commissioners Chambers. Commissioners Durgan and Lahren were present. Also present was Lori Benner, grants coordinator; Bill Hurley, director of operations; Bill Moser, public citizen; and Commission Minutes Clerk John Mueller. No public comment was made.

The meeting was scheduled to consider a certification of survey cost estimate for the north and south sides of Stone Street in Gardiner.

Lori Benner provided the Commission with a revised proposal from Hank Rate to locate the property corners on both the north and south sides of Stone Street in Gardiner. Rate's cost estimate for the monument and file of a Certificate of Survey of the north side of Stone Street was for \$2,600. Rate's cost estimate for the south side of Stone Street showing Block 8, 9, and 10 is for approximately \$4,000, but combining the work on a single Certificate of Survey would save some \$500. Benner said the expense can be covered by a CTEP Safe Routes to School grant and a Montana Rural Communities grant.

Lahren made a motion to accept Hank Rate's proposal for monumenting the north and south sides of Stone Street in Gardiner. Durgan seconded that motion. Motion passed.

@1:11:30 p.m., Lahren made a motion to adjourn the meeting. Durgan seconded that motion. The meeting was adjourned.

September 11, 2008

Review Correspondence, Public Contacts and Determine Action Plan

@1:31:23 a.m., Chairman Lahren called a meeting to order in the Commissioners Chambers. Commissioners Denton, Durgan and Lahren were present. Also present was Bill Hurley, operations and Commission Minutes Clerk John Mueller. No public comment was made.

Correspondence included:

- ACTION ITEM - Memo from MDT re. Wilsall speed zone investigation requesting Commission comment on study

- ACTION ITEM - Draft resolution for county budget
- ACTION ITEM - Memo re. 2009 taxable values for mill levies
- Memo re. workshops for Park County Community Foundation on September 17
- Memo re. award modification number
- Memo from MACO re. workers' comp premium loss report for 2008 - To Miller for review
- Memo from Dann Babcox re. poor road conditions on Willow Creek and Miller Drive
- Memo from Bill Hurley re. ATV use and contacting Forest Service
- Invoice from PCRFD#1
- Agenda for county IT meeting
- Memo from accounts payable re. claims
- Memo re. JSEC meeting - Commissioner Denton attended that meeting
- Memo from MT Correctional Enterprises re. booth at MACO convention in Hamilton
- Memo re. furniture produced in Deer Lodge
- Memo from deputy civil attorney re. confidential legal advice and denial of a family transfer - To file
- Memo from Montana DES re. estimated cost for Ninth Street Island damage survey reports for \$276,254 - Lahren signed the estimate and phoned the state DES. Van Nurden updated the Commission about the cost estimate.
- Memo re. Sin Nombre Road - To Road Book
- Memo from Park Electric Cooperative re. capital credits
- Memo re. county gift to MACO conference - Lahren will donate his book for the prize
- Memo from planning director re. statue permitting uses for county park board funds - To Commissioner Denton for review
- Memo re. Bearthooth Highway road improvements
- BLM newsletter
- State Investment Pool update for September 2008 re. state - To accounting and HR
- Memo re. purchase of real property - The Commission refered that purchase onto a title company
- September 11 LEPC meeting notice
- Memo re. solid waste board request for meeting with Commission
- Memo re. fire dangers in various Montana counties
- Memo re. Montana Warm Line open - To Denton for review
- Memo re. tobacco use prevention meeting September 11
- NACO newsletter
- Memo re. link to traveler information and road repair maps
- Yellowstone Country newsletter
- Memo re. NIMS directions on how to take ICS100 and 200 online fire course trainings
- Memo re. hybrid training flyer document for polic/fire/rescue operations

- Memo re. 2008 MACO resolutions to be presented at conference in Hamilton
- The Prevention Connection newsletter - To Denton for review
- Memo re. representative to speak with hardrock mining counties - To Durgan for review
- Memo from MACO re. public health license survey - To sanitarian for review
- Memo from MACO re. Plum Creek Montana
- Correspondence from Road Supervisor Ed Hillman to Scott Opitz of FWP
- Memo from DNRC re. administrative rule changes
- Memo re. response to difficulty in finding public health nurses in Montana
- Memo from Dan Babcox re. PCRFD#1 removing its fire truck from Ninth Street Island due to cold weather concerns
- Memo re. Myer's Flat radio work schedule
- Memo re. research on Shamrock Road research and analysis - The road report states the section of road between Paradise and Sunset Lane was opened to the public on April 30, 1990. The section of road included past Sunset Lane is not a county road
- Memo re. Montana Clean
- NACO forum in Idaho on October 22 re. meth prevention
- Memo re. road from Electric to Aldridge - Lahren is researching the issue
- Memo re. wastewater from Livingston Ditch and Old Clyde Park Road
- Lease agreement with J&H Office Equipment for Commission copier

@2:33:23 p.m., Lahren made a motion to adjourn the meeting. Denton seconded that motion. The meeting was adjourned.
