Hartung said an AP clerk will be hired and put in charge of assets and assigning an asset tag." The second to last paragraph should read in entirety, "Discussion of Motor Pool Vehicles: Malone said the county now has enough vehicles the policy of using personal vehicles when an employee attends trainings for more than three nights can be done away with if funds permit within individual department budgets." On Page 5 of 12, Malone noted the correct title of "Sanitarian in Training." On Page 9 of 12, Malone noted the correct spelling of "onus." Park County Road Updates

@9:13:03 a.m., Chairman Malone called a meeting to order in the Commissioners Chambers. Commissioners Durgan and Malone were present. Also present were Ed Hillman, road supervisor; Bill Hurley, operations; and Commission Minutes Clerk John Mueller. No public comment made.

The meeting was scheduled to discuss county road issues.

Road Supervisor Ed Hillman said he thinks installing a 4-inch perforated pipe and French drain will fix a sloughing problem on Mission Creek Road. Hillman said it would cost \$3.80 for the road crew to crush gravel with its own crusher, and it costs \$5.50 to have someone else do it. Hillman said a crusher could possibly be purchased for \$250,000, and gas tax money would cover the payments. Hillman said having a crusher would ensure the county has enough gravel each year. He said two crewmen could operate a crusher and possibly produce 1,000 to 1,500 yards of gravel a day, and he thinks it would be a better expenditure of the annual \$40,000 gravel budget funds.

Commissioner Malone said he would prefer to go in with another county if a crusher were purchased.

Hillman said he needs design plans for a catch basin proposal in Gardiner. Commissioner Durgan said he will get Hillman a copy of the plans. Hillman said a crewman is having problems with shaping roads and Hillman will send a second crewman to train him in that area this week.

Hillman said the Forest Service will buy and apply seed on a cleanup project in Gardiner and the road crew is to knock weeds down in the fall.

Hillman said he has a 24-inch by 40-foot culvert for the Main Boulder.

Durgan said he received a citizen phone call about a plugged culvert in Gardiner and left a message on Crewman Smith’s phone.

Hillman said he will put one crewman on road mowing.

Hillman said the crew will put 3-inch minus gravel on Eldridge Creek Road once it finishes working on Mission Creek Road. Hillman said reclamite is supposed to be put on Willow Creek Road on August 3.

Malone asked Hillman to report the stretches of road crewmen grade each day.

@9:38:55 a.m., Durgan made a motion to adjourn the meeting. Malone seconded that motion. The meeting adjourned.
