

Park County Commission Meeting Minutes  
Week of October 1, 2012  
Park County, Montana

October 1, 2012

No Commission Meetings Scheduled

12:00 P.M. – Community Networking Meeting – Livingston Job Service

5:30 P.M. – Special Museum Board Meeting – Yellowstone Gateway Museum

October 2, 2012

Road Updates/ Engineering Services Updates

@8:03:28 a.m., Chairman Taylor called a meeting to order in the Commission Chambers. Commissioners Malone and Taylor were present. Also present were Ed Hillman, road; Raea Morris, administrative assistant; Mark Westenskow, CTA; Dann Babcox and Courtney Lawellin, PCRFD#1; Brenda Adams, citizen; and John Mueller, minutes clerk. No public comment made.

The meeting was scheduled to discuss county road issues and engineering services updates.

Road Supervisor Ed Hillman provided a quote to install a concrete floor in the Gardiner road shop and said he would like to change propane companies there at a savings of \$70 per year.

Mark Westenskow, CTA Engineering, provided a report of CTA's engineering work for the county.

@8:33:55 a.m., Malone moved to adjourn the meeting. Taylor seconded the motion. The meeting adjourned.

October 2, 2012

Discussion / Status of Fleshman Creek Project

@8:38:42 a.m., Chairman Taylor called a meeting to order in the Commission Chambers. Commissioners Malone and Taylor were present. Also present were Raea Morris, administrative assistant; Shannan Piccolo, civil deputy county attorney; Lani Hartung, finance; Mark Westenskow, CTA; Dann Babcox and Courtney Lawellin, PCRFD#1; Bill Fogarty and Jeff Ebert, MDT; Brenda Adams, citizen; and John Mueller, minutes clerk.

The meeting was scheduled to discuss the status of the Fleshman Creek Restoration Project.

Mark Westenskow, CTA Engineering, asked if the Commission received feedback on a proposed sewer infrastructure and Fleshman Creek alignment design as submitted by CTA. Commissioner Malone asked if the school district has offered to provide any funds for the sewer upgrades it will benefit from. He said he thinks elected officials should meet to discuss the project. Westenskow said more planning is needed for a stream/road crossing near the Geyser Street trailer court, and CTA has a group that can sample soil sediments in the creek bed that may have resulted in a fish kill.

@8:48:53 a.m., Malone moved to adjourn the meeting. Taylor seconded the motion. The meeting adjourned.

October 2, 2012

Discussion of Emergency Services Concerns with KPRK Bridge Project Closure

@9:00 a.m., Chairman Taylor called a meeting to order in the Community Room. Commissioners Malone and Taylor were present. Also present were Shannan Piccolo, civil deputy county attorney; Wendy Wood, Tom Totland, Scott Hamilton, PCSO; Belinda Van Nurden and Greg Coleman, Park County DES; Dann Babcox, Chuck Donovan and Courtney Lawellin, PCRFD#1; Bill Fogarty, Jeff Ebert and Paul Cogley, MDT; J.V. Moody, Cherie Lofton, Jim Sulages and Patrick McLaughlin, MHP; Kevin Langhus, Sweet Grass County 911; Dan Tronrud, Sweet Grass County sheriff; Jeff Schoenen, Kevin Harrington and Jeremy Jacobson, LFR; Brooke Osen, Sweet Grass County DES; Jose Thomas and Chuck Shuman, BTVFD; Blake Blatter, Heart K Ranch; Barbara Fletcher, citizen; and John Mueller, minutes clerk.

The meeting was scheduled to discuss emergency services concerns with the KPRK Bridge project closure.

Jeff Ebert, Montana Department of Transportation (MDT), said a contractor started work on the KPRK Bridge replacement project on October 1, and the project is slated to be completed in September 2013 with a bridge closure period not to exceed 10 months. Ebert provided a history of the project's preparation process and discussions and said contractors stated they could not complete the project in just one season.

Dann Babcox, Park County Rural Fire District #1 (PCRFD#1), said he is concerned about the lack of access to the east side of the bridge during the project, as no temporary bridge will be constructed during construction per MDT. Ebert said MDT has no funds for a temporary bridge, and the project traffic plan is to get vehicles off the highway when weather necessitates before the Livingston detour. Bill Fogarty, MDT, said MDT plans to notify motorists of the project detour using the permanent electronic signs on I-90, as well as other strategically located signs. He said I-90 will be the designated detour route during the project duration. Emergency responders said blizzard conditions and resulting closure of the highway is the issue of concern. Babcox said changing of the permanent

signs requires a process long enough that often the interstate no longer needs to be closed by the time the board read "Interstate Closed." Ebert said he pledged to attempt to improve that process.

Commissioner Taylor asked if a temporary parking area can be established on the east side of the bridge to better facilitate emergency response. Babcox said emergency services had already proposed such a staging area, so he said the county commissioners will have to be charged with making that proposal happen.

Jeff Schoenen, Livingston Fire and Rescue (LFR), said transporting patients to Billings is a concern if Highway 89 is not passable, the interstate is closed down and weather conditions prohibit air travel. Fogarty said MDT may be able to stage a V-snowplow for clearing the interstate to permit emergency services travel.

Commissioners Malone and Taylor said the county will maintain Old Clyde Park Road to the best condition possible, as that will likely serve as a main detour route, although not considered a detour route by MDT. Ebert said MDT will videotape and travel the road to document its current condition.

Blake Blatter, Heart K Ranch, said it may be a big liability issue if MDT's project takes emergency responders 30 to 40 minutes longer. Barbara Fletcher, citizen, asked how she can be assured she will be able to get into town to pick her child up after school if she cannot access Old Clyde Park Road. She said that road could have been improved for the proposed project in the last 12 years, but that was not done. Babcox said use of Old Clyde Park Road for the Willow Creek Fire showed how inadequate it is. Undersheriff Scott Hamilton said Big Timber and east side emergency services will have to respond to a major emergency event that occurs east of Livingston.

Fogarty said MDT will not permit emergency responders to use the project construction bridge because of safety reasons. He said it was decided in 2008 a temporary bridge would not be constructed, the contract has been let and now protocol needs to be established.

Ebert said he will look into the possibility of a temporary bridge being constructed for the project, and he will invite MDT personnel responsible for changing the interstate signs to an October 31 meeting to discuss the project. He said MDT will hold that meeting at the Park County City/County Building at 10:00 a.m.

At the inquiry of Babcox, Civil Deputy County Attorney Shannan Piccolo said she can ask the county attorney whether any steps can be taken to have an injunction put on the project until emergency services logistic concerns are cleared up.

@9:50 a.m., the meeting adjourned.

October 2, 2012

Correspondence/Agenda and Briefing on Current County Projects

@10:17:36 a.m., Chairman Taylor called a meeting to order in the Commission Chambers. Commissioners Malone and Taylor were present. Also present were Raea Morris, administrative assistant; and John Mueller, minutes clerk. No public comment made.

The meeting was scheduled to review the daily agenda and correspondence.

Correspondence for September 28 included:

- Memo email re. EPA brownfields grants
- Memo email re. Main Boulder Road project public meeting schedule
- Memo email re. Title III fund expenditures
- Memo document re. county shop floor proposal
- Memo document re. Montana DEQ meeting letter of support
- Memo email re. Area IV Agency on Aging meeting agenda
- Memo document re. letter of support language change
- Memo email re. IT contractor request for meeting

Correspondence for October 1 included:

- Memo email re. economic development director newspaper subscription refund
- Memo email re. Lewiston gas conference
- Memo email re. employee safety video/DVDs
- Memo email re. mandatory employee safety video viewing schedule
- Memo email re. interim fire warden fire command vehicle request
- Memo email re. October 4 SWB meeting agenda
- Memo email re. Pine Creek Fire update
- Memo documents re. Mushrush and Brown Family Transfer staff reports
- Memo email re. solid waste disposal options
- Memo email re. Montana Waste Systems Curry letter response
- Memo document re. Montana DEQ public discharge permit
- Memo document re. Cinnabar Ranch road work “thank you”
- Memo documents re. Great West Main Boulder Road and Pierce Pit invoices
- Memo email re. LTAP leadership conference

@10:36:49 a.m., Malone moved to adjourn the meeting. Taylor seconded the motion. The meeting adjourned.

October 2, 2012

Human Resources Updates

@10:40:51 a.m., Chairman Taylor called a meeting to order in the Commission Chambers. Commissioners Malone and Taylor were present. Also present were Jill Ouellette, HR; and John Mueller, minutes clerk. No public comment made.

The meeting was scheduled to discuss activities in the Human Resources Department.

Jill Ouellette, HR, provided a worksheet of changes to employee healthcare benefits resultant from the Healthcare Reform Act effective January 1, 2013, and 2014.

Ouellette read into the record a NACO cyber-security recommendation and the new Montana minimum wage increase. Ouellette provided change of status forms for signature for a PCSO deputy with a longevity pay anniversary, four election ballot stuffers and a green box caretaker.

Ouellette said 102 employees are on the county medical plan, 65 on the dental plan, and 49 on the vision plan, but there is supposed to be 50 according to the MACo contract for the additional plan options (dental & vision). She provided an employee fringe benefit leave balance report and said there is confusion about how exempt employee can use leave benefits. She provided examples of how such confusion has been reflected on employee timesheets and recommended individual discussions with a couple of employees to clarify the issue.

Commissioner Malone said an issue remains with road crewmen trained to operate road graders doing other work, and graders not grading roads as a result. Ouellette said the road department is understaffed, as Malone stated in a recent newspaper article. The Commission said it would like to schedule a personnel meeting with the road supervisor to discuss the issue.

@11:14:25 a.m., Malone moved to adjourn the meeting. Taylor seconded the motion. The meeting adjourned.

October 2, 2012

Review of Minutes for Week of September 17, 2012

@11:45:01 a.m., Chairman Taylor called a meeting to order in the Commission Chambers. Commissioners Malone and Taylor were present. Also present was John Mueller, minutes clerk. No public comment made.

The meeting was scheduled to review Commission meeting minutes for the Week of September 17, 2012.

Commissioner Malone moved to accept the minutes for the Week of September 17. Commissioner Taylor seconded the motion. Motion passed.

@11:45:15 a.m., Malone moved to adjourn the meeting. Taylor seconded the motion. The meeting adjourned.

October 2, 2012

12:30 P.M. - 3:30 P.M. – Mandatory Employee Safety Tape Viewing – Community Room

October 2, 2012

Consideration of Mushrush Family Transfer

@2:01:27 p.m., Chairman Taylor called a meeting to order in the Commission Chambers. Commissioners Malone and Taylor were present. Also present were Mike Inman, planning; Shannan Piccolo, civil deputy county attorney; Terry Mushrush, applicant; Margaret Stecker, land surveyor; and John Mueller, minutes clerk. No public comment made.

The meeting was scheduled to consider the Mushrush Family Transfer application.

Mike Inman, senior planner, said Terry Mushrush submitted an application to transfer a parcel of property to his wife, which was denied because Mushrush and his wife jointly owned the parcel, which by statute makes a family transfer impermissible. He said since that time ownership has been moved to Mr. Mushrush's name only, and the purpose of the family transfer is to obtain a reverse mortgage.

Terry Mushrush said his wife's name cannot be on the deed because she is not 62 years of age, so the family transfer is to provide a residence for his wife in the event something happened to him. Commissioner Malone asked Mushrush if intends to sell the tracts. Mushrush answered "no."

Inman said the Mushrushes provided affidavits declaring the properties will not be sold, as well as language defining the issues of obtaining the reverse mortgage. He said the county attorney's office and planning and environmental health departments have since approved the application.

Commissioner Malone moved to allow the Mushrush Family Transfer to go forward. Commissioner Taylor seconded the motion. Motion passed.

@2:07:35 p.m., Malone moved to adjourn the meeting. Taylor seconded the motion. The meeting adjourned.

October 2, 2012

Consideration of Brown Family Transfer

@3:02:44 p.m., Chairman Taylor called a meeting to order in the Commission Chambers. Commissioners Malone and Taylor were present. Also present were Mike Inman, planning; Shannan Piccolo, civil deputy county attorney; Margaret Stecker, land surveyor; Rick Brown, applicant (via telephone); and John Mueller, minutes clerk. No public comment made.

The meeting was scheduled to consider the Brown Family Transfer application.

Mike Inman, senior planner, said Rick Brown submitted a family transfer application on September 19, 2012, to transfer a 0.83-acre parcel to his wife, which was approved by the Planning and Environmental Health Departments and County Attorney's Office.

Applicant Rick Brown said he would like to build another house to live in on the property, and the property will go into a family trust to be given to the kids after his and his wife's deaths. Commissioner Taylor asked Brown if he intended to sell the property to which Brown answered "no."

Commissioner Malone moved to approve the Brown Family Transfer. Commissioner Taylor seconded the motion. Motion passed.

@3:05:28 p.m., Malone moved to adjourn the meeting. Taylor seconded the motion. The meeting adjourned

October 3, 2012

Review Daily Correspondence/Agenda/Briefing on Current County Projects

@8:36:25 a.m., Chairman Taylor called a meeting to order in the Commission Chambers. Commissioners Malone and Taylor were present. Also present were Barbara Woodbury, environmental health; Warren Newhouse II, refuse; Ed Hillman, road department; and John Mueller, minutes clerk. No public comment made.

The meeting was scheduled to review the daily agenda and correspondence.

Correspondence included:

- Memo documents re. CTA Engineering
- Memo email re. county commission meeting requests
- Memo email re. dust control comment
- Memo email re. HOME program trainings
- Memo email re. oil and gas education and outreach application
- Memo email re. October 3 Parks and Recreation Board meeting agenda
- Memo email re. work comp trends report
- Memo email re. Board of Crime Control sub grant receipt request

- Memo email re. PCRFD#1 mill levy meeting request
- Memo document re. PCRFD#1 mill levy meeting
- Memo document re. Fair Board seat application
- Memo document re. Gallatin Solid Waste Management District operations
- Memo email re. domestic violence month
- Memo email re. civil deputy county attorney conflict of interest meeting request
- Memo email re. county board member safety video viewings
- Memo document re. October 9 Board of Health agenda

Commissioner Malone reported on a final Main Boulder Road Coordinator Study Report meeting.

Warren Newhouse II, interim refuse manager, asked how temporary his temporary refuse manager position title is, as he has had issues feeling sidelined by Bob Currie from the Solid Waste Board (SWB). He said he wonders why the county is making all the changes it is proposing to its refuse system and asked why he first heard of planned changes from an individual in Great Falls. Commissioner Taylor said the Commission had made no decisions at that point. Malone said there is nothing wrong with open debate at SWB meetings, especially since Newhouse is the employee on the ground working in the system.

Newhouse said he has invited the SWB members and commissioners to talk with refuse employees about current operations and ride along with them to learn how the system works, but no one has taken him up on the invite. Malone said he thinks it is important to consider all options. Barbara Woodbury, environmental health, said she thinks input from refuse personnel is necessary.

Taylor told Newhouse to talk with his employees and bring their thoughts to the Commission. Newhouse said the response he gets from people in the industry is a question why Park County would go backward by implementing its proposed plans. He said the county currently gets five-to-one or six-to-one compaction on loads with its over-the-road front loader trucks. He said some collection agencies charge to handle frozen loads, which will result from using the proposed open roll-off boxes at green box sites.

Malone said the Gardiner site will be closed down if another bear is killed getting into refuse, so the county is stuck with its options there. He said, in the interim, the county either needs to figure out how to put more garbage in roll off box, control bear access, control odor, man the site or find a way to use eight-foot containers with closed lids. Newhouse said it is hard to get out of that site in the winter when it is a sheet of ice. Malone said perhaps Newhouse needs to move personnel to that site who can best handle the situation or purchase a generator to assist with starting a cold truck. He said he is asking Newhouse to haul an eight-foot box to Gardiner, seal it at night and find a way to operate the gate to control access.

Malone said he thinks Newhouse needs to debate with the SWB and Currie. Newhouse said he is told to just go along with what the board is doing and give it a try when he tries

to discuss ideas with the SWB. Taylor told Newhouse to attend any Commission meetings to discuss issues. He said the former refuse manager never provided input and encouraged Newhouse to bring his employees to discuss issue and the Commission will listen.

@9:23:40 a.m., Malone moved to adjourn the meeting. Taylor seconded the motion. The meeting adjourned

October 3, 2012

9:00 A.M. – Claims Review – Commission Chambers

October 3, 2012

City/County Meeting

@9:25:59 a.m., Chairman Taylor called a meeting to order in the Commission Chambers. Commissioners Malone and Taylor were present. Also present were James Bennett and Mel Friedman, city commission; Mary Ellen Szafranski, LHC; and John Mueller, minutes clerk. No public comment made.

The meeting was scheduled to discuss joint city of Livingston and Park County efforts.

ICS Training: Mary Ellen Szafranski, emergency preparedness coordinator for Livingston Healthcare and LEPC chair, said it has been discovered not enough people are trained in the incident command structure to function efficiently at the local level. She said there is no mandate for cities and counties to train their employees in emergency preparedness. Szafranski said employees within the courthouse building were asked to train in the ICS online trainings with little response, so she hopes for a mandate from the commissions to require at least one individual in a department to train. Commissioner Taylor said the county needs to retrain staff in the area in question because personnel has changed, and he suggested department heads and one department staffer be trained. Commissioner Malone asked Szafranski to submit a written proposal and request to the city and county commissions.

Fleshman Creek Restoration Project: Commissioner Malone asked if the school board, city and county commissions and elected officials can sit down at a meeting to discuss the project.

Solid Waste: Taylor said the county Solid Waste Board will meet on October 4, the county is ready to drop its contract with Envirocon and is leaning toward joining operations with the city of Livingston. He said Clint Tinsley and Ed Meece with the city have been working on a cooperative pamphlet to ensure rates are consistent between the city and county. He said a city/county joint refuse contract will be discussed at the 1:30 p.m. City/County Compact meeting that day.

Janitorial Services: Taylor said he has received few complaints of late about the cleaning crew, and protocol is to report complaints to him immediately and he telephones the crew to remedy the situation immediately.

@10:16:56 a.m., Malone moved to adjourn the meeting. Taylor seconded the motion. The meeting adjourned.

October 3, 2012

Signing of Rock Creek Road Task Order Form with CTA Engineering

@11:03:16 a.m., Chairman Taylor called a meeting to order in the Commission Chambers. Commissioners Malone and Taylor were present. Also present were Shannan Piccolo, civil deputy county attorney; Mark Westenskow, CTA; Kevin Bales, Steven Sampson and Andy Hoefer, Altria Group; and John Mueller, minutes clerk. No public comment made.

The meeting was scheduled to sign a Rock Creek Road task order form with CTA Engineering.

Commissioner Malone moved to sign the Rock Creek agreement with CTA to do the Rock Creek Road. Commissioner Taylor seconded the motion. Motion passed.

@11:16:22 a.m., Malone moved to adjourn the meeting. Taylor seconded the motion. The meeting adjourned.

October 3, 2012

1:30 P.M. – City/County Compact – Community Room – Commissioner Taylor attended

3:00 P.M. – Parks and Recreation Board – East Room

October 4, 2012

Daily Correspondence/Agenda and Briefing on Current County Projects

@8:39:32 a.m., Chairman Taylor called a meeting to order in the Commission Chambers. Commissioners Malone and Taylor were present. Also present were Jill Ouellette, HR; Warren Newhouse II, refuse; Ed Hillman, road department; and John Mueller, minutes clerk. No public comment made.

The meeting was scheduled to review the daily agenda and correspondence.

Jill Ouellette, HR, provided the Commission with a revised Museum Technician job description for review, which increased from a Grade 11 to Grade 12. She said the Museum Board would like the position to have a 12-month probationary period instead of the usual six-month period.

Road Supervisor Ed Hillman said he planned to adjust road crewmen routes the following week, as he was not happy with how roads were currently being maintained. The Commission directed the road supervisor to ask the finance director to bill the road department for building inspections.

Warren Newhouse II, interim refuse manager, said he is now down two employees. The Commission said it will keep the Pine Creek Fire debris green box site open through the weekend. Newhouse said Vicki Butcher has been working with numbers, and he thinks the Commission should consider those numbers before terminating its contract with Envirocon. Commissioner Taylor said the county can rescind its termination decision if necessary.

@9:02:32 a.m., the meeting adjourned.

October 4, 2012

Discussion/Decision on Lifting Burn Ban in Park County

@9:02:35 a.m., Chairman Taylor called a meeting to order in the Commission Chambers. Commissioners Malone and Taylor were present. Also present were Shannan Piccolo, civil deputy county attorney; Tom Totland, PCSO; Dann Babcox, PCRFD#1; Wes Venteicher, Livingston Enterprise; and John Mueller, minutes clerk. No public comment made.

The meeting was scheduled to consider lifting the burn ban in Park County.

Commissioner Taylor read into the record a memorandum from Fire Warden Greg Coleman suggesting the burn ban can be lifted at the current time to permit individuals to burn off slash piles.

Lieutenant Tom Totland said his concern is dry conditions may return as early as the following week and put emergency services in a difficult position if another fire ignites. Dann Babcox, PCRFD#1 chief, said he thinks current conditions can give citizens an opportunity to burn off fuel, but a ban may need to be re-instituted in the future if weather dries.

Commissioner Malone moved to remove the burn ban for Park County with an option to put it back in if the fire chief states it is necessary. Commissioner Taylor seconded the motion. Motion passed.

The Commission said the countywide fireworks ban is still in effect.

@9:10:04 a.m., Malone moved to adjourn the meeting. Taylor seconded the motion. The meeting adjourned.

October 4, 2012

Discussion/Decision on Solid Waste Disposal and Possible Signing of Envirocon Letter Giving 60-Day Notice of Contract Termination

@9:35:00 a.m., Chairman Taylor called a meeting to order in the Commission Chambers. Commissioners Malone and Taylor were present. Also present were Shannan Piccolo, civil deputy county attorney; Warren Newhouse II, refuse; Wes Venteicher, Livingston Enterprise; and John Mueller, minutes clerk. No public comment made.

The meeting was scheduled to consider a decision on solid waste disposal and signing a letter giving Envirocon 60-day's notice of the county's intent to terminate its refuse services contract.

Civil Deputy County Attorney Shannan Piccolo said Envirocon had a first right of refusal for refuse service bids if the county intended to change refuse services, and Envirocon submitted its proposal in September. Commissioner Malone said the county funded the Zia and Bell and Associates Studies addressing solid waste services, and he is comfortable the cash cost to run transfer station operations is 74.01 per ton from the time it hits the county transfer floor to the rail car, which includes revenues and other operations and depreciation costs.

Warren Newhouse II, interim refuse manager, said he will review numbers given to him by a refuse employee that may save costs within the current county refuse operations system. The Commission said it is willing to listen to those numbers. Commissioner Taylor said the county is free to find its cheapest disposal options for its refuse if it terminates its contract with Envirocon.

Commissioner Malone moved to sign the letter giving Envirocon 60-day's notice for contract termination. Commissioner Taylor seconded the motion. Motion passed.

@9:47:15 a.m., Malone moved to adjourn the meeting. Taylor seconded the motion. The meeting adjourned.

October 4, 2012

Monthly County Commission Updates for K-LIVE Radio

@10:00 a.m., Chairman Taylor called a meeting to order in the Commission Chambers. Commissioners Malone and Taylor were present. Also present was a K-Live Radio technician. No public comment made.

The meeting was scheduled to discuss monthly county commission updates with K-Live Radio.

Commissioners Malone and Taylor provided a taped recording of county government activities and efforts to be broadcast over the K-Live Radio station.

@10:18 a.m., the meeting adjourned.

October 4, 2012

Discussion/Decision of Park County Rural Fire District #1 Mill Levies

@10:34:32 a.m., Chairman Taylor called a meeting to order in the Commission Chambers. Commissioners Malone and Taylor were present. Also present were Brett Linneweber, county attorney; Kevin Larkin, treasurer; Lani Hartung, finance; Martha Miller, auditor; Dann Babcox, Courtney Lawellin and Dan Karell, PCRFD#1; Vickie Jo Shipley, Stan Cornell CPA; and John Mueller, minutes clerk. No public comment made.

The meeting was scheduled to consider a decision on Park County Rural Fire District #1 (PCRFD#1) mill levies.

County Attorney Brett Linneweber said it was discovered that a mill levy that was to go to PCRFD#1 had been mistakenly omitted, so the Commission needs to amend a previous approval by motion to include those funds. Dan Karell, PCRFD#1 Board, asked what flagged the mistake. Linneweber said the mill in question did not make it onto a spreadsheet of mills to be applied to various entities.

Commissioner Malone moved to amend the mill levy resolution to include the \$150,000 that was not included in the Rural One request for funding, and the county will calculate the number of mills to be approved by Rural One. Commissioner Taylor seconded the motion. Motion passed.

@10:42:15 a.m., Malone moved to adjourn the meeting. Taylor seconded the motion. The meeting adjourned.

October 4, 2012

Commissioner Malone @ Pre-Gardiner Gateway Project Meeting – Gardiner –  
Commissioner Malone did not attend to ensure a quorum of commissioners

October 4, 2012
