

Greetings:

Thank you for visiting our website. There are seven school districts in Park County, each of which is recognized as a legal entity and has the responsibility for its own staffing. Below are some suggestions to assist you with your job search.

If you view the district information links on our main page, you can then check the provided links for each school in which you are seeking employment opportunities. Not all districts list available positions on their website.

Two other sources is the website address www.opi.mt.gov , the State Office of Public Instruction in Helena, Montana. This site has both teacher placement listings and information on teaching certification. Additionally, most county schools advertise available positions in the classified section of our local newspaper. Their Internet address is www.livingstonenterprise.com.

Good luck in your job search. If you have any questions, please do not hesitate to contact us.

Sincerely,

Ed Barich

Park County Superintendent of Schools
