

# Park County Homeschool Network

The Park County Homeschool Network is an inclusive group of homeschool families who want to network and share information. We are a membership based cooperative of home educators created for the purpose of providing support to parents and students who have chosen to educate in a home environment. We welcome all homeschool families from Park County and beyond, regardless of religion or method of homeschooling.

**We offer: Field Trips, Park Days, Hikes, Curriculum Swaps, Community Service, Science Club, Theater, Spelling Bee and more.**

The current Facebook group name is:

Park County, MT – Homeschool Connect

The current Yahoo Group is:
