## Final Budget Message

September 5, 2024

Residents of Park County:

This document is the final budget for Park County, Montana for the fiscal year ending June 30, 2025. A brief summary of the budget follows with explanations of noteworthy changes in the coming fiscal year.

### Overview of Budgeted Resources

The following table depicts beginning fund balances, budgeted revenues, budgeted expenditures, and estimated ending fund balances for the coming year. This table reflects estimated revenues of \$32,957,220 and budgeted expenditures of \$33,149,972 resulting in a projected ending balance of \$14,870,288 for all funds. This ending fund balance represents a decrease over last year's projection. All Park County funds are included in this table, broken down between Governmental Funds and Proprietary Funds.

#### Projected Changes in Fund Balance/Cash Balance Final Budget – July 1, 2024 through June 30, 2025

	Governmental Funds				Proprietary Funds	Total All funds
	General	Special Revenue	Debt Service	Capital Project	Enterprise	
Beginning Fund Balance	\$773,283	\$4,897,596	\$0	\$8,779,698	\$612,462	\$15,063,040
Plus Budgeted Revenue	\$5,196,276	\$24,621,580	\$0	\$1,060,776	\$2,078,589	\$32,957,220
Less Budgeted Expenditures	\$5,292,722	\$24,891,733	\$0	\$930,189	\$2,035,327	\$33,149,972
Projected Ending Fund Balance	\$676,837	\$4,627,442	\$0	\$8,910,284	\$655,724	\$14,870,288

While Park County recognizes that unforeseen events occur, Park County focuses on regular operating expenses and planned projects for the fiscal year 2025 budget. The conservative revenue approach practice recognizes that it is easier to acknowledge an excess of revenue than to deal with a shortfall. Because of the conservative approach to revenues, estimated ending fund balances are sometimes lower than beginning fund balances in several budgeted funds, but they may end up higher at the end of the year. Vacancy savings for unfilled positions can create year end expenditures that are less than budgeted. It's possible that there will be unforeseen and/or uncontrollable expenses, such as natural disasters or accidental losses, but those are excluded so that the data can be looked at as normal operations. American Rescue Plan (ARPA) Act funding has been partially budgeted in 2025 to cover other approved treasury expenditures. Park County received \$3.2 million for 2022 and 2023 in the two step payment from the Treasury.

## Major Funds

1. Net General Fund is \$96,446 Expenditures in excess of Revenues. There is recognition that wages are not always paid out at 100% of budget, and the beginning fund balance of \$773,283 can support the overage in FY25.
2. Net Sheriff's Office is \$159,296 Expenditures in excess of Revenues. There is recognition that Sheriff's Office positions typically are not paid out at 100% of budget due to turnover, but the budget reflects 100% pay for all of the positions.
3. Net Road Fund is \$52,532 Revenues in excess of Expenditures. This includes principal repayments for interfund loans expressed as expenditures in the amount of \$194,770.
4. Net Refuse is \$97,956 Revenues in excess of Expenditures – Due to a proposed fee schedule increase the cash in the fund is improving. This includes principal repayments for interfund loans expressed as expenditures in the amount of \$147,000.
5. Net PILT is \$188,542 Revenues in excess of Expenditures – In 2024, the PILT distribution increased significantly and revenues are budgeted at the higher revenues, but there's no guarantee that the additional funding will come in for 2025 so the expenditures have been kept lower to maintain a healthy reserve for the fund.
6. Net BN Fund is \$1,716 Revenues in excess of Expenditures – In 2025, the Search & Rescue and Convict Grade Bridge Loans will be repaid from these funds.

A five-year analysis of payroll, including employment taxes and benefits, determined that Park County consistently pays less than 97% of budgeted amounts due to turnover. Budgeted 2025 payroll is \$10,777,567. Three percent amounts to \$323,327 that likely will not be paid out over the year. This factor increases the likelihood that for Park County revenues and expenditures will be more closely aligned in FY 2025, excluding the one-time charges for the BN Fund.

## **Highlights of the 2025 Budget**

### **Taxable values and mill levies**

The county-wide total taxable value of property, \$96,673,719 uses the 2024 certified values from the Montana Department of Revenue. The Taxable Value less Incremental Taxable Value is \$94,149,524 producing \$94,150 for the value of a mill or 1/1000 of the taxable value of property on a county-wide basis. The value of property in two Tax Increment Financing (TIF) Districts within the city of Livingston is \$2,524,195. The TIF Districts use gains in property taxes within the TIF District to finance improvements within those TIF Districts. The difference between the total taxable value and the TIF Districts are not available for use outside of the TIF Districts.

### **PILT – Payment in Lieu of Taxes**

Payment in Lieu of Taxes (PILT) funds are received annually from the federal government in lieu of taxes on federal property within Park County and are dependent upon congressional appropriations. Budgeted revenues and expenditures for 2025 are \$2,202,000 and \$2,013,458 respectively. The County is working to spend PILT money that is available at the beginning of the fiscal year because there is no guarantee that PILT funds will be authorized the following year. The county will be increasing the PILT reserve by \$188,542.

The majority of appropriations from PILT are transfers out to other funds in order to finance their operations. It is also used to pay for operating costs of certain services such as Public Safety programs, advisory services, motor pool maintenance, and debt for IT switches and building electric switchgears. In 2025, appropriations have increased by only \$4,353 to follow the Commission's direction to maintain the PILT reserve. The Road and Sheriff department contributions were set to matching amounts. Some funds will need extra transfers to cover equity pay increases. PILT appropriations increased from \$2,003,775 in fiscal year 2024 to \$2,013,458 in 2025.

### **Forest Reserve Act Funding**

The Forest Reserve Act, also known as the Secure Rural Schools and Community Self Determination Act (SRS), was designed to provide assistance to rural counties and school districts to compensate for lost revenues from declining timber harvests on federal lands. 2025 funding is budgeted at \$253,604 for the Road Department.

Title II of SRS is designated for special projects on federal lands nominated by a local Resource Advisory Committee (RAC). Title III is used to support community wildfire planning and protection. Because the allowable uses for Title III funds are restricted and under a deadline, in recent years Park County elected to allocate 0% of its SRS payment to Title III. Currently, previous elections have been carried forward so there is no additional funding from Title III.

### **BN General Capital Improvement Fund**

The BN Capital Fund was created with a settlement award from a lawsuit between Park County and the BNSF Railway in relation to pollution issues at the Park County landfill. In 2012, Resolution #1145 allowed the expenditure of interest accrued from the award on capital improvement projects and to repay the Search and Rescue building loan. In July of 2015, the Commission amended that resolution to allow for expenditure of the principal of the BN Capital funds on a limited basis.

In fiscal year 2025, \$78,493 was appropriated for continuing SAR building loan payments and \$56,762 for Convict Grade Bridge loan payments. In addition, one loan has been made to the Cooke City Fire District within Park County which is being repaid at the prevailing prime rate at the time of the loan. An interfund loan has been set up for the Fairgrounds & Parks with loan repayments beginning in FY23. A Museum solar project interfund loan was approved for 2023. The Road department and the Refuse department also have approved interfund loans for equipment purchases in fiscal years 2023 and 2024.

### **Permissive Medical Levy & Permissive Sheriff Retirement System (SRS) Levy**

Montana law allows local governments to permissively levy for the increase in employer contributions for group health insurance benefits. For fiscal year 2025, the Commissioners elected to continue fully supporting Park County's contribution to employees' health insurance premiums through the Permissive Medical Levy. Health rates per employee increased in 2025 by 22%.

During the 2017 legislative session, the Montana legislature increased employer contributions for the Sheriff Retirement System by 3% and are allowing Counties to levy the increase as a permissive levy. The permissive levy was adjusted lower to 1.959% in 2025 and may continue until a future legislation adjusts or eliminates it.

### **Debt**

Park County has an allowable debt limit of \$156 million or 2.5% of the total assessed value of taxable property in Park County, per 7-7-2101 MCA, yet owes less than \$1 million to outside financing sources. In fiscal 2014, Park County incurred an \$880,000 debt from the Montana Board of Investments in order to construct a new Search and Rescue facility on Park County land and which has a total outstanding loan balance of \$261,466. In 2017, the Commission elected to fund electric switchgear equipment, the County's portion of the Dispatch remodel as part of a continuing city/county building remodel, a replacement grader and new IT network switches. In 2020 a loan was set up to finish out the HVAC replacement and for a new grader. The two loans are split between Road and PILT for outstanding balances of \$207,283 and \$32,436 respectively. Also in 2020, a loan was set up to pay for the Convict Grade Bridge and will be funded out of the BN Fund. The unexpected failure of the bridge would place to great a hardship on the Bridge fund as the outstanding balance is \$413,086. The variable rate interest of 5.75% is applicable to all loans in 2025.

There is no enterprise fund external debt.

### **Capital Improvement Projects**

Major capital projects budgeted in fiscal year 2025 include the following Federal Lands Access Programs (FLAP) grants, FEMA grants, ARPA and LATCF funded projects and other projects and equipment totaling \$7.15 million. Federal, state and local grants are funding 94% of capital expenditures.

- The Mill Creek Road rehabilitation project is a \$1.96 million project that will utilize FLAP grant funds. The Tom Miner Bridger Replacement project is a \$2.42 million project that will utilize FLAP grant funds to replace the Tom Miner and Rock Creek Bridges. A Shields River Road FLAP is a \$180,000 project for road rehabilitation and improvement planning. The Old Yellowstone Trail South FLAP is for a \$235,000 corridor study. There are no budgeted outlays in FY25.
- The 911 fund plans to replace a Motorola radio monitor for \$6,000.
- The Road and Bridge Department has budgeted \$4 million to complete the FEMA funded Carbella Bridge replacement. In addition, the state has provided 100% funding for the West Boulder Bridge on Swingley Road valued at \$1.4 million, and will provide 50% emergency funding for the Bruffy Bridge replacement for \$30,000 with the whole bridge costing \$60,000. The MT Coal Endowment Program is funding the Horse Creek Bridge project for \$300,000, and the state is also funding the Rock Creek Bridge over Hammond Creek for \$592,935.
- Additional Road & Bridge equipment purchases include a 6,000 gallon fuel tank paid over 4 years for \$14,080, a vehicle for \$31,000, a ripper for \$35,000 and a mower for \$61,000.
- There is a multi-year project for the Gardiner Pedestrian Bridge for which the county has been obligated \$5 million in federal funding. There will be more funding needed in the future, but it is expected that only \$75,000 will be spent in FY25.
- The Sheriff's Office has budgeted \$80,000 for replacement vehicles and equipment for Law Enforcement. Search & Rescue plans to purchase equipment for \$10,000 based on need during the year.
- The county Information Technology will be replacing switch equipment and split the \$76,000 cost with the City of Livingston so the county plans to pay \$38,000 out of the general fund.
- The Fairgrounds will finish out the water and sewer project for \$22,000 and the \$180,000 roof project, both of which will be funded from ARPA. The Fairgrounds fund will pay for frost free water line upgrades for \$20,000.
- The Museum has fire suppression and siding projects funded from ARPA for \$50,000 in FY25 along with display case purchases using LATCF funding for \$32,383.
- Refuse has budgeted \$97,000 for a second compactor door, front load containers and a skidsteer gradeall.
- The Fairgrounds has multiple projects which will cost around \$1.4 million which will be covered by ARPA funding, Minimum Allocation Grant from state ARPA funding and LATCF funding. The ARPA projects include storage, ADA bathrooms and a solar system. LATCF funds are intended for the Exhibit Building Roof Replacement.
- The Windrider Transit is planning to build a fence around the transit building using state funding for about \$25,000. In addition there are plans to pave the area where buses pull into the transit building with an estimated cost of \$18,000.

### **Grants**

Grants for multiple departments, FEMA grants for the 2022 and 2023 floods, and one time funding from ARPA and LATCF contribute significantly to the 2025 budget with revenues and expenditures budgeted for \$10 million. The text sections also include discussion of grant funding, notably for Grants and Specials Projects and Public Health Departments. Other grant funds include Victim Witness, Disaster and Emergency Services, Missouri River Drug Task Force, Juvenile Detention, Bridges, and Homeland Security. The Elections have an election security grant as well. Please read the text passages for more information.

### **Other details of note**

The Consumer Price Index increase for 12 months ending 2023 was 4.1% and the Employment Cost Index (wage inflation) for 12 months ending in March 2024 was 4.8%. These indices are used as a basis for salary adjustments. Counties are to provide salary adjustments for elected officials based upon a recommendation from the Park County Compensation board and Commission approval. In 2023, the Commission approved elected officials and staff to receive a 2024 COLA increase

of \$0.25 per hour even though the Park County's Compensation Board recommended that elected officials receive 5% and the 2022 CPI was 8.0%. This allowed for equity adjustments for lower wage positions and budget tightening. For 2025, the Compensation Board recommended up to a 3.5% COLA with strong support from Department Heads and Elected Officials to help make up for the prior year shortfall compared to the 8.0% CPI and still be less than the 4.1-4.8% economic indicators for 2025. The budget team was charged with determining sources of funding to maintain a balanced budget to allow for a 3.5% COLA which was accomplished. Some of payroll is covered by grant funding, such as for DES, MRDTF, Victim Witness, economic and numerous Health Grants. Total payroll, including taxes and benefits, was budgeted at \$9,743,875 in 2024 and increased to \$10,207,559 in 2025, going from 108 positions to 111 positions and including wage adjustments.

There is a new presentation of fund revenues and expenditures grouped by major function along with a fund balance analysis in the same order.

Respectfully,

Erica W. Strickland  
Park County Finance Director

## Commission

### Department Overview

Park County has a commissioner form of government. The three county commissioners file from one of three districts in the county, but are elected at large and each represents the entire county. The terms for elected officials in Park County are for four (4) years and are non-partisan. One Commissioner runs in the non-presidential election year, and the other two run in a presidential year. All legislative, executive and administrative powers and duties belong to the commissioners unless specifically designated to other officials. The commissioners appoint other department heads and employees, except those appointed by other elected officials.

Powers are limited by state law, but commissioners may exercise broad authority in these and other areas including: build and maintain county roads and bridges, control and care for county property, appoint numerous advisory and decision-making boards such as the tax appeal board, planning board, fair board, weed board, airport authority, etc.; prepare, review and decide on the annual county budget and capital improvement plan, adopt and administer personnel policies and negotiate union contracts, provide for law enforcement and correctional facilities in the county, plan and provide for parks, playgrounds, and other recreational facilities, and provide for solid waste collection and disposal services. Commissioners also serve in a valuable liaison role among county government, city government, non-governmental organizations, and citizen groups to advance mutual goals and interests.

### Last Year in Review

- Followed county strategic plan, including mission and vision statements and goal setting, for decision making.

- Held virtual weekly meetings to provide a remote option for public participation.
- Expanded community engagement effort through Monthly Newsletter with the help of MSU Extension

### Future Goals

- Continue to perform community engagement efforts in the community and serve on boards.
- Regularly review projects and conduct in-depth reviews of Public Works operations.
- Review and approve staff recommendations for operations and communications.
- Use strategic plan as a guide for county decision making.

## Justice Court

### Department Overview

Justice Court also provides initial appearances for warrants served in Park County for jurisdictions outside of the County or District Court

Civil and Small Claims complaints are also filed in Justice Court. Justice courts jurisdictional limits in Civil cases are not to exceed \$15,000.00 and Small Claims complaints are not to exceed \$7,000.00. Justice Court issues orders of protection and search warrants.

Documents presented for recording must meet the requirements of Montana state statute and must be accompanied by the appropriate fee. ## Public Administrator

### Department Overview

The Public Administrator is a 4 year elected position in Park County government. The Public Administrator collects no salary from Park County, but serves on an “as needed” basis. The position may expend funds for incidental purposes such as public notices, etc. The primary duties and responsibilities of this elected office are specified at Montana Code Annotated at Title 72, Chapter 15. The Public Administrator is required to take charge of estates of persons dying within Park County for which no administrators are appointed and that, due to a lack of administration, are being wasted, uncared for, or lost; estates of decedents who have no known heirs; estates ordered into the administrator's hands by the court; and estates upon which letters of administration have been issued to the administrator by the court. The Public Administrator may also be appointed by the Court under MCA sec. 72-5-415 to serve as a conservator whenever a professional person has reason to believe that any person is in need of the appointment of a conservator for the effective management of the person's property or affairs and that the person has no relative, friend, or other appropriate person who is able and willing to serve as a conservator for the person. Only in those limited circumstances where a decedent's estate or an incapacitated person has funds will the Public Administrator receive compensation for the services provided. In those few instances, the Public Administrator may collect a statutory fee, which is accompanied with an accounting to the District Court and Court Order authorizing such fee.

### Last Year in Review

- The position has had many peaks and valleys in work load and number of cases. Some cases carried over from year to year and others are/were short lived. The work takes understanding, skill and much physical work. Efforts of discovery have proven to be very successful and bring much reward to a job that has no pay or no immediate end to it. Guardianships also brings much rewards for doing for others what they cannot do for themselves or have not been able to do because of their not living in Montana or other situations. The courts have found need on occasion to use the Public Administrator as no other appropriate person was available.

### Future Goals

- Going forward is hard to plan ahead. Some work loads are relatively easy and some are extensive and may involve other states or research that are not immediately known. The number of cases can vary from one to many. The plan is to continue to do the best job and preserve the assets entrusted to the position. Also to help all who need it for whatever time is necessary to achieve the best outcomes that are possible. Take the chores entrusted by law, court order or by request by families, legal resources, or others who need a willing, aggressive, honorable and experienced neutral person to get the job done.
- Be available for preservation of assets, guardianship, conservatorships, and other situations which may be either by law or personal requirements where no one else is available or legally able to achieve the necessary outcomes in many legal situations as in personal representatives, guardianships and many other situations.

The Clerk of District Court is the official keeper of all District Court records for Park County. These records include Adoption, Civil, Felony Criminal, Dependent Neglect, Domestic Relations, Guardianship, Juvenile, Probate, and Involuntary Commitment cases. Our office also issues, files, and records all Park County marriage licenses. The Sixth Judicial District Court of Park County averages over 1000 new cases per year. It is the Clerk's responsibility to ensure accurate and up-to-date records.

The majority of all Clerk of Court records are open to the public. The public is welcome to search our records using either the public computer in our office or the public portal available at [courts.mt.gov](https://courts.mt.gov).

The Park County Clerk of District Court's Office utilizes the latest State record keeping computer program and has implemented the State e-file system. Through a grant, records from 1950 through 2003 were scanned into digital form, as a back-up to the hard copies.

The Clerk of District Court also serves as Jury Commissioner for Park County. As required by statute, each year the Montana Secretary of State provides a combined list of registered voters, licensed drivers, and holders of Montana ID cards to the Clerk of District Court. This list is digitally stored and maintained, and it is from this list that jury panels are pulled.

Our office is present in all 6<sup>th</sup> Judicial District Court hearings and takes the minutes for said hearings.

The Clerk of District Court's Office processes passports by appointment on Wednesdays, Thursdays, and Fridays between the hours of 9 am and 11:00 am and 1:30 pm to 3:30 pm. Please call 406-222-4125 to schedule an appointment.

It is the goal and responsibility of the Clerk of District Court to serve the public and assist District Court Judges by providing optimum and efficient case management of all District Court records. The 6<sup>th</sup> Judicial District Court of Park County is a growing jurisdiction. Our office is comprised of the Clerk of Court and three Deputy Clerks. While by law we are not able to provide legal advice, we can direct folks to resources that may help in their legal situations. We work to balance the needs of serving the public with the vital task of preserving the Court record.

## Office of Emergency Management

### Department Overview

The Park County Office of Emergency Management (OEM) is responsible for building and maintaining our local emergency management program; supporting the volunteer fire service; and providing leadership for the county safety program. The emergency management program goals are to build, sustain, and improve our ability to prepare for, protect against, respond to, recover from, and mitigate emergencies and disasters in Park County. OEM is the lead agency coordinating a broad-based coalition of local, state and federal agencies and organizations involved in emergency preparedness and response. Park County OEM is responsible for the county emergency plans which are coordinated with our partners and the public through the Local Emergency Planning Committee (LEPC). These plans are tested through real-world events and planned exercises and then updated through an After-Action Review (AAR) process as part of a continuous cycle of improvement. OEM supports the volunteer fire service through the Fire Warden and coordination of the Park County Fire Council. OEM provides grant assistance, training, planning and operational support to the local fire departments. The Park County Safety Coordinator also works under the OEM and provides leadership for the county safety program which is responsible for safety planning, promotion, training, exercises and inspections. The goal of these efforts is to support safe and resilient communities prepared for emergencies and disasters.

### Last Year in Review

We are pleased to report that last year was a year of recovery. Following four years of disaster response; the pandemic and two years of record flooding, we are ready to shift gears and begin assessing how we did, what we can do better next time and how we can minimize our risks from highly infectious disease outbreaks and flooding. Much of our recovery planning has been through the SW MT COAD (Community Organizations Active in Disaster). Working with our local non-profits on disaster recovery allows us to expand our disaster capabilities at a minimal cost. Another priority was updating our emergency plans. We updated our Hazard Mitigation Plan, portions of our Emergency Operations Plan, and we began the process of updating our Community Wildfire Protection Plan. We also joined the Fire Adapted Gallatin group for a joint wildfire mitigation project on the Bozeman Pass area. With the upcoming presidential election, Emergency Management has been working with the Clerk and Recorder's Office and the Safety Committee to improve elections and courthouse security.

### Future Goals

We will continue to focus on recovery and coordinating with our non-profit partners in the SW MT COAD. Much of next year will be focused on planning as well, particularly our Community Wildfire Protection Plan. Expanding our wildfire and flood mitigation efforts are also a priority.

## Junk Vehicle

### Department Overview

Enacted in 1973, the Montana Motor Vehicle Recycling and Disposal Act, commonly known as the Junk Vehicle Law, addresses junk vehicles on private property. The definition of a junk vehicle, including component parts is as follows:

- A vehicle that is discarded, ruined, wrecked, or dismantled;
- A vehicle that remains inoperative or incapable of being driven.
- A vehicle that is not lawfully and validly licensed. If a vehicle is permanently registered, but meets the criteria for a junk vehicle, the vehicle is a junk vehicle.

A vehicle must meet all of the above to qualify as a junk vehicle. Paid for through Montana vehicle licensing fees, the Junk Vehicle Program provides the public with free removal of junk vehicles yearlong, access withholding. The Junk Vehicle Program's jurisdiction on private property is the removal of vehicles that are surrendered only by *the owner* of the vehicle.

### Last Year in Review

- Retrieved junk vehicles throughout Park County.
- Inspected the two salvage yards in Park County.
- Maintained junk vehicle equipment.

### Future Goals

- Continue to retrieve junk vehicles throughout Park County in a timely manner.
- Conduct an annual inspection of two salvage yards.
- Maintain junk vehicle equipment.
- Set aside funds for future building, vehicle and equipment replacement and additions.
- Provide more public outreach for program awareness.
- Explore alternatives to maintaining Junk Vehicle Graveyard in the county, such as direct tow to recycling yard

## Mosquito

### Department Overview

Park County takes a proactive approach to mosquito abatement. Adulticide is used as the County's main approach to abatement from mid-June to mid-September along a predefined route. Adulticide helps minimize mosquito-borne diseases such as West Nile Virus (WNV) and Equine Encephalitis. Adulticide application, known as 'fogging', can be hindered by unsuitable weather conditions that compromise effectiveness. Wind speed, precipitation, and temperatures under 50 degrees can cause delays in the application schedule.

### Last Year in Review

- Mosquitos were sprayed in the Livingston Mosquito District from June through September.
- Provided public education on mosquito control.
- Maintained mosquito equipment.
- Continue monitoring program, setting traps in and out of the spray route to ensure effective spraying.
- Aided statewide WNV monitoring by sending trapped mosquitos to Carroll College for WNV testing
- Continued limited larvicide applications to mosquito breeding habitat

### Future Goals

- Continue to spray for mosquitos annually.
- Increase our public education and out-reach on the importance of mosquito control. This includes but is not limited to: human health risks, mosquito breeding habitat, mosquito life cycle, and reducing breeding habitat on private property.
- Maintain mosquito equipment.
- Set aside funds for future building, vehicle and equipment replacements and additions to support program growth and diversity.
- Expand larvicide program that will serve as prevention in addition to being an alternative control method when conditions are unsuitable for fogging.
- Continue and expand the trapping program that will allow us to evaluate mosquito populations, species, and determine a 'threshold' that will directly influence our control methods and timing.

## Solid Waste

### Department Overview

Solid Waste District members can dispose bagged household garbage at Green Box drop off sites throughout Park County. County trucks collect refuse from Green Box sites and transport it to the Logan Landfill for disposal. There are 15 drop off sites, including the Gardiner Compactor site, the Cooke City Transfer Station and the Park County Transfer Station. The Park County Transfer Station compact and condense loads for transport to Logan Landfill and serves as the fleet maintenance location. At select locations, recycling containers are available for cardboard, aluminum, plastic (#1 & #2), paper, and metal. Park County also works in collaboration with the City of Livingston to accept recycling at the Livingston Recycling Center at 330 Bennett Street. The Park County Landfill closed on December 1, 2014 and Park County completed full closure and capping of the Landfill in the Fall of 2016. The Landfill is currently in a 30-year post-closure monitoring and remediation phase with the Department of Environmental Quality (DEQ).

## Airport

### Department Overview

The City/County Joint Airport Board in Livingston, Park County, Montana was first organized in 1960 as a municipal airport available for general aviation. A Joint Resolution between the City Commission of Livingston and the Park County Commissioners established a 5-member Board to operate and control the airports at Mission Field (located Southeast of Livingston), Wilsall, and Gardiner, Montana. All airports are publicly supported in many different ways. Today, Mission Field is home to several small- to intermediate-sized aircraft whose owners rent hangars from the Airport Board. There is also a ground lease rental program upon which individuals may construct their own hangars to fit their needs. Ground leases are also available at the Gardiner airport. The Wilsall airport is used primarily for agricultural industries. Wilsall is also home of the largest model airplane fly-in in Montana.

### Last Year in Review

- Completed pavement Gardiner preservation project on runway
- Addressed airport operations, maintenance and safety issues
- Completed Airport capital project to add a new taxi lane in Livingston
- Implemented landing fees to support long term maintenance projects

### Future Goals

- Continue to provide oversight of Airport
- Recruit two new board members
- Transfer landing fee management to an external company for tracking and collection

## BEHAVIORAL HEALTH – CRISIS INTERVENTION & PEER SUPPORT SPECIALISTS

### Department Overview

Park County has elevated rates of behavioral health concerns and crises compared to other communities in Montana. Just over 27% of adults report excessive drinking in the last month, compared to only 20% in Montana as a whole. One in four adults has been diagnosed with depression, compared to only one in five in Montana and the US as a whole. The age-adjusted suicide mortality rate in Park County was 39.9 per 100,000 residents from 2013-2017 - three times the rate observed in the US and 1.5 times higher than the statewide rate.

Driven by high rates of behavioral health concerns and utilizing funding from the programs, community partners in Park County are committed to building a more robust behavioral health crisis system that does not criminalize mental health and substance use issues, but builds pathways to appropriate, behavioral health crisis care that links individuals to community based behavioral health supports for follow up post-crisis.

In 2021, the Park County Department of Grants & Special Projects applied for two separate grants to assist with crisis intervention and peer support specialist needs. Two awards were received to assist with program goals – Department of Public Health and Human Services (DPHHS) for \$82,480 (June 2021) and Montana Healthcare Foundation for \$74,790 (October 2022). In 2022, Park County received an additional \$144,180 in funding from DPHHS for additional crisis diversion program needs. In June 2024, the Park County Grants & Special Projects Department applied for a three-year Crisis Diversion grant through DPHHS and at this time has been notified of a \$529,000, three-year award.

### Last Year in Review

- A .5 FTE Peer Support Specialist, funded by a MT Healthcare Foundation grant, continued assistance with crisis intervention services.
- Eighteen individual community agencies involved in the mental health continuum have been listed as partner agencies on the Charter and have been engaged in both Crisis Coalition meetings and individual work groups focused on a particular objective of the grant.
- Strengthened the crisis system infrastructure in Park County by ensuring leadership for the Crisis Coalition from a Crisis Care Coordinator.
- Increased the capacity of Park County providers to track behavioral health crisis services, through data collection and sharing and identifying upstream root causes.
- Increased access to training related to behavioral health crisis in Park County.
- Developed a community support system to respond more effectively to community based behavioral health crises, utilizing mental health paraprofessionals and other community supports providing continuity of care.

### Department Overview

*The vision for the Fairgrounds and Parks Department is to create and maintain world-class fairgrounds, parks and trails for all, through the cooperative efforts of our community.*

**Fairgrounds:** Our Fairgrounds offer a versatile year-round event center featuring various event spaces, conference rooms, dining area, catering kitchen, and ample parking. The outdoor arena can accommodate 5,000 spectators. Additionally, we provide event-related camping, along with a sanitary dump station and shower house. Services also include year-round horse stalling, open arena rides, a seasonal ice-skating rink, and seasonal storage.

**Parks:** Our county is home to three County parks, each a testament to the natural beauty and recreational spirit of Park County.

- Arch Park: Adjacent to the iconic Roosevelt Arch, this 1.5-acre park offers a stone shelter pavilion, picnic spots, a stage, water hydrant, and barbeque area. The park is surrounded by trees and maintained grass.
- Confluence Park: Nestled near the merging point of the Gardner and Yellowstone Rivers, this park in Gardiner provides a serene and natural escape. There are no services or amenities at this river access park.
- Silver Gate Park: Just on the outskirts of Yellowstone National Park in the Silver Gate community, enjoy picnic areas, benches, playgrounds, vault toilets, and bear-proof trash receptacles.

### Last Year in Review

- The Fairgrounds hosted over 168 different events, several of which were new events.
- The Arch Park Gazebo in Gardiner, MT was reserved 48 times.
- 190 volunteers logged 825 labor hours helping with various projects and events.
- Water Main Infrastructure Project: Project replaced Fairground's water main, added meter pits, and a bulk fill station. Funded from the American Rescue Plan Act and Minimum Allocation grant. Completed: June 24'.
- Exhibit Building Solar Project: Completed: Funded by the American Rescue Plan Act and external grants. The system generated over 10,700 kWh in FY24, offering significant energy savings. Completed: April 24'.
- Exhibit Restroom Remodel Project: This grant funded project was abandoned due to bid costs significantly exceeding available funds. The remaining funds were reallocated towards roof replacement & insulation in the exhibit building, a museum fire escape, panic buttons in the City / County building, and funding aid for replacement of Cooke City bridges.
- Yellowstone Heritage Trail: Collaboration between Park County, private landowners, and nonprofit groups led to the donation of a three-mile stretch of land, establishing Emigrant's first park and trail. Ongoing efforts in collaboration, fundraising, and community support will drive the next phases of design and buildout.

### Future Goals & Projects

- Continue to work with other departments and the public to find opportunities to improve our Parks, trails, and Fairgrounds.
- The department has funding to complete several projects, including replacing the exhibit building roof, insulating the building, improving the HVAC system, and renovating the interior walls.
- Review and revise our Facility Fee Schedule and adjust prices to better align revenues & expenditures.

## Museum

### Department Overview

The Yellowstone Gateway Museum is dedicated to fostering community, connection, and inspiration by sharing the rich cultural and natural history of Park County, Montana. Through accessible collections and engaging programs, we aim to tell the stories of this region from its earliest inhabitants to the present day.

Our museum preserves over 50,000 items, including objects, photographs, manuscripts, books, audio-visual materials, and oral histories. These artifacts span thousands of years, offering visitors a comprehensive look into the area's history. Located at the corner of Chinook and N. 2nd Street, the museum occupies the historic Northside School, a three-story building constructed in 1907. This building serves as the primary exhibition space, while also housing research, storage, and staff offices.

In addition to the main building, the museum complex includes a non-historic storage facility and two smaller historic structures: the Urbach School and a blacksmith shed, both relocated to the site as interpretive elements. The Northside School's basement accommodates research, storage, and staff areas, while the main entry level features ticketing services and a small retail area. Exhibits are displayed on the upper levels, utilizing both stair landings and former classroom spaces, with the Director's Office located on the top floor. The research center within the museum offers access to photo and manuscript archives, as well as a specialized library.

Our staff and volunteers are committed to collaborating with local schools, ensuring that educational programming is a key component of our mission. As we move forward into FY 25, our focus remains on maintaining and expanding our collections, enhancing our educational outreach, and ensuring the continued preservation of Park County's history for future generations.

### Future Goals

1. **Achieve Accreditation from the American Alliance of Museums (AAM):**
  - Implement best practices as outlined by the AAM Core Standards to meet and exceed the requirements for accreditation. This includes improving physical and intellectual access, ensuring safety, security, and proper stewardship of collections, and demonstrating a commitment to public service and education.
2. **Develop and Implement a New Museum Facility:**
  - Plan and begin interpretation of a new, state-of-the-art museum facility that addresses the current limitations of the existing site, including accessibility, space, and compliance with modern standards. The new facility will be designed to accommodate future expansion and to serve as a cultural destination for both residents and tourists.
3. **Enhance Visitor Experience and Community Engagement:**
  - Create innovative and interactive exhibits that cater to diverse audiences, including tourists, local residents, school groups, and researchers. Embrace current and emerging trends in museum interpretation and develop programming that supports community needs beyond preserving Park County's history.

**4. Secure a New Site with Optimal Access and Visibility:**

- Identify and acquire a new site for the museum that offers easy access from major roads or highways, proximity to downtown Livingston, and space for future growth. The site should support the museum's mission by providing a connection to the local environment, and should be large enough to accommodate all proposed building and site programs.

**5. Expand Collections and Storage Capabilities:**

- Develop dedicated spaces in the new facility for collections storage, including enhanced security measures for sensitive items. Plan for future growth of collections by incorporating scalable storage solutions and areas for quarantine and conservation of new acquisitions.

**6. Increase Educational Outreach and Community Programs:**

- Expand educational offerings, including virtual and in-person school programs that align with state educational standards. Develop new community-oriented spaces within the museum, such as classrooms, a multipurpose room, and outdoor areas for events, to foster greater engagement with local schools and organizations.

**7. Pursue Sustainable and Inclusive Design:**

- Ensure the new museum facility is designed with sustainability and universal accessibility in mind. Implement environmentally friendly building practices and consider the inclusion of spaces that are accessible to all members of the community, including those with disabilities.

**8. Support Economic Development and Local Partnerships:**

- Position the new museum as a hub for economic and cultural activities in Livingston and Park County. Develop partnerships with local businesses, educational institutions, and other cultural organizations to enhance the museum's role as a community resource and tourist destination.

## Park County Transit – Windrider Transit

### Department Overview

Windrider Transit provides fare-free and reliable transportation services to all citizens in Park County, Montana. Windrider Transit provides general public and para-transit services within one mile of the limits of the City of Livingston. All vehicles are ADA accessible and equipped with lifts; there is no fee to ride a Windrider bus. The fixed bus route averages 3,200 miles driven per month and transports approximately 23 passengers per day. Windrider routes run as far east as Livingston HealthCare and south near McDonalds and Albertsons and accompanying shopping, medical, eating and lodging establishments. The routes include other fixed stops at the Ace Hardware and Town & Country shopping centers; Park High School; several downtown locations; and, some stops on the north side of town at Summit Apartments, NorthTown Development, the North Side Park and the Katie Bonnell Park – a total of 136 stops per day.

In collaboration with our great community partners, Park County has successfully applied for funding through capital and operating assistance grants to implement the Windrider Transit Program. These funding sources are coordinated and administered through the Montana Department of Transportation Transit Section through pass-through funding provided by the Federal Transit Administration (FTA). Grant funding toward this program covers approximately 55% of our total operating, administrative and maintenance costs per year; we raise the remaining 45% of funds through our important local partnerships.

The Windrider Transit fleet includes one 2023 Ford Transit Van, one 2021 Ford F350 bus, one 2018 Ford F350 bus and one older 2002 relief bus.

- Through a grant received by Rural Transit Assistance Program, Windrider Transit added curbside Dial-A-Ride (DAR) medical/dental/vision/behavioral health appointment trips, twice per week to Bozeman and one day per week in Livingston for those that do not qualify for Angel Line transportation services. The RTAP grant also allowed Windrider Transit to introduce a half-day Saturday fixed route in Livingston.
- Continued to employ four part-time permanent and relief drivers (equaling a 1.50 FTE) and one Transit Coordinator (.80 FTE).
- Completed construction on the Park County Public Transportation facility – a project fully funded by a Capital Assistance Grant from the Montana Department of Transportation.
