TRIBUTE TO SIR ELTON JOHN

Fans who love Elton John will adore Kenny Metcalf! It's not just the sequins and the big glasses; it's not just the smiles – when Kenny sings he takes the audience to a real live Elton John performance.

This is a show that transports the crowd to the early career of Elton John's music. The hits sound magical and perfect from "Benny and the Jets" to "Rocket Man" to "Goodbye Yellow Brick Road".

Considered one of the world's greatest tribute bands!

Kenny Metcalf is an experienced studio engineer, musician, singer, and song writer. In the 1980's he toured with the rock group, Stryper, using his talents as their stage keyboardist.

Over the years, Kenny Metcalf as Elton John has played in large venues, theaters, concert halls and arenas. Audiences cheer and dance and sing along during every show. Every detail of Elton John's stage shows from his early years is carefully recreated. The costumes, the backup singers, the musicians, and the performances all bring the concert experience to life.

- c. The Fair Board reserves the right to exclude from the fairgrounds any person or persons whom it may deem undesirable, or who shall violate any of the rules laid down by the Board, or who shall otherwise become offensive.
- d. Every animal and article on the grounds is under the control of the Fair Board. While every precaution will be taken for the safekeeping of exhibits, the Fair Board, its officers, and agents WILL NOT be responsible for any loss or accident that may occur.
- e. The Fair Board reserves the right to amend or add to these rules, as in its judgment may deem advisable. In event of conflict between general and special rules, the latter will govern.

- g. Section 45–8–351, MCA, authorizes the County to prevent and suppress the carrying of concealed and unconcealed weapons to public assemblies and in publicly owned buildings.

4-H BULL'S-EYE PROGRAM

In an effort to improve animal welfare during the fair, a BULL'S-EYE program will be implemented. Previously, some project members did not provide adequate care for their animals, and livestock committees could not reach the member to remedy the problem. The BULL'S-EYE is our attempt to remedy this. If a livestock project member is deficient in the care of their animal at the fair, a BULL'S-EYE will be placed on the pen. The member will have no more than 6 hours to contact the livestock committee chairperson. The project superintendent's telephone number will be on the BULL'S-EYE. If you don't have access to a phone, find a Park County Extension Agent and they will put you in contact with the appropriate superintendent. Once connection between the member and livestock committee chairperson have been made, the member will be instructed on how to remedy the inadequate care of their animal. In the event a member does not contact the livestock committee within the allotted 6 hours or does not perform the remedy as directed by the livestock committee, the member will be asked to take the animal home. They will be disqualified from showing or selling their animal.

4-H ENTRY FORMS - IMPORTANT INFO

All 4-H exhibitors must have their entry forms turned into the MSU Park County Extension Office (222–4156) by Friday, June 29, 2018. The 4-H Extension Office cannot guarantee entries received after June 29, 2018 will be eligible to enter the 4-H division of the Park County Fair.

CLASS 5 – SHEAF GRAINS

In sheaf samples of grain, the evidence of high yielding ability and the condition of the samples are regarded as important. Sheaves of grain are not judged on their forage qualities. Select plants near maturity and with a knife cut them close to the ground so as to get the full length of straw. Be careful not to break the straw in handling. Remove all leaves from the straw, spread plants on wire mesh and place in a room with good ventilation and a little light. See that the samples never get wet after being cut. When the straw is dry, bunch it in sheaves. Tie with a soft cloth which will not cut the straw. Make sheaves from 3” to 5” in diameter just below the head. Tie them snugly in at least three places and hang in a dry place with the heads down until time of exhibition. You may enter ONE exhibit in each lot.

CLASS 6 – THRESHED GRAIN

In judging threshed grain the points most considered are: purity, uniformity and the fitness of the samples of grain for the purpose in which the particular grain is used. Take samples from bins of threshed grain; sample should be thoroughly cleaned, all crop mixtures and weed seed being removed with grain testing sieves. MUST exhibit one gallon and be exhibited in a suitable container. Judging is based on variety, purity, uniformity, freedom from weed seeds and condition.

Lot 1 – Spring Wheat, any variety (designate)
 Lot 2 – Winter Wheat, any variety (designate)
 Lot 3 – Oats, any variety (designate)
 Lot 4 – Barley 2 row, (designate)

Lot 5 – Barley, 6 rows (designate)
 Lot 6 – Rye, winter or spring
 Lot 7 – Triticale

CLASS 7 – SHEAF FORAGE

Should be leafy and fine stemmed. Selections should be made just as the very first blossoms appear. Cut the forage at the ground level. Spread thin on a screen, in a building away from direct light, but where there is good circulation of air. When the sample has been thoroughly cured, place a damp piece of cheesecloth on the sample for a few minutes to toughen the stems and leaves and then gather into a loose bundle. Tie securely in one place, 3 inches from base and hang to ensure sheaf dries completely. A good green color and leafiness are the factors that determine quality in forage samples. Make bundles from 3 to 5 inches in diameter at the base. Be sure material is properly dried out or cured prior to entry.

DEPARTMENT M - LOCAL ART & PHOTOGRAPHY

SUPERINTENDENT: Arlene Waters

1. Entry of exhibits will be Wednesday, July 25, 2018, from 9 AM – 7 PM. All rules for Open Class apply unless otherwise specified by this Department Superintendent.
2. Articles exhibited in this department must be the work of the exhibitor and must have been completed within the last year. ALL work must be original. This means the exhibit is your idea, subject, color scheme, and composition. A copy of another's work (except YOUTH, 12 and under) is not acceptable, whether from a photograph, magazine, etc., complete or as a fragment. It is acceptable to work from your own photographs.
3. Presentation of work is important. With limited space, we do our utmost to show your work at its best.
4. ALL paintings and drawings must be framed and matted. If stretched canvas edges are finished as part of the painting, they will be accepted as is. Artwork must be equipped with sturdy hangers and

ready to hang. Failure to adhere to specifications will render entries unacceptable for display and judging.

5. The maximum outside dimensions of a framed or matted piece shall not exceed 30" x 40". Articles to be hung must have an Entry Tag with the exhibitor's name, class, lot, and/or sub-lot on the back. Standing articles must also have an Entry Tag fastened to them.
6. Entry Tags must be completed by the exhibitor before work will be accepted. Exhibitor must keep the pink copy as a claim tag. Exhibits entered incorrectly will be moved to the correct class and/or lot at the discretion of the superintendent. Judging will take place Thursday morning, July 26. The department will be closed to the public during judging. Awards will be withheld from exhibits deemed lacking in merit. Judges' decision is final.
7. A purple Grand Champion Ribbon or a Reserve Champion Ribbon (without cash premium) will be awarded for the most popular piece of the entire exhibition. Participation ribbons will be awarded to all entrants.
