Park County Refuse District #1 (PCRD) has completed an upgrade to gates at Chico, Trail Creek, and Forest Service Sites. Hours Trail Creek, Forest Service, Clyde Park and Wilsall are Monday through Saturday 6:30am to 7pm. Hours at Chico are 7 days a week 6:30am to 7pm. This is in an effort to control illegal dumping and reduce overtime expenses. PCRD #1 members are able to use the use of the City Recycling Site at 330 Bennett Street open 7 days a week 7am to 7pm.

PCRD members can dispose of their bagged household garbage at Green Box drop off sites throughout the County. Members receive two vehicle mirror hang tags per assessment each year, valid from February through January. Hang tags indicate the vehicle belongs to a PCRD member who is permitted to use the County Green Boxes.

Replacement or extra tags are \$10 and can be purchased at the Park County Finance Office at 414 E. Callender Street in Livingston. For more information, call the Finance Office at (406) 222-4194.

Assessment fees do not cover the costs of construction debris and non-household garbage. Non-household refuse should be disposed of at the City of Livingston Transfer Station.

## 2024 Park County Refuse District #1 Information

## Solid Waste Board

Have questions or concerns about solid waste in Park County? Please feel free to reach out to your solid waste board members:

John Kaiser, Chairman 406-220-0189

Tim Miller, Vice Chairman 406-765-6345

Mike Fanning, 406-222-0551

Tom Burns, 406-223-1081

Dick Juhnke, 406-222-1426

Kemp O'Neill, 406-539-6143

## Noxious Weeds

The Park County Weed District is responsible for controlling noxious weeds on County rights-of-way, and aids other state agencies with noxious weed management on their properties through annual contracts. The weed district conducts property site visits and develops noxious weed management plans for property owners. Call 406-223-1306 to speak with the Weed Coordinator.

## Yellowstone Gateway Museum

The Yellowstone Gateway Museum is housed in the historic North Side School with 4 indoor galleries, archival research room, and outdoor exhibits which showcase the history of Park County and our connection to Yellowstone National Park.

Tuesday – Saturday 10:00 – 5:00

118 W. Chinook St.

Livingston, MT 59047

406.222.4184

## Road and Bridge Department

Problems with roads can be reported to 406-222-4137. Work on approaches or county roads require an approved road work permit from the county. Cleaning of culverts under approaches is the responsibility of the adjacent property owner.

The road and bridge department are continuing to work on infrastructure damaged during the 2022 and 2023 flooding.

Park County is planning a large amount of projects for summer 2024. Currently planned projects include:

- Drainage and surface improvements to OYTN and Trail Creek
- Main Boulder Road and Bridge Deck
- Meigs Road recycle and chip seal
- Chicory Road Chip Seal
- Jardine Hill Stabilization
- Carbella Bridge Replacement
- Construction on Shields River Road
- Six Mile/Daily Lake Road Improvements
- Bridge repairs on Hamilton Road and Canyon Creek Road

## Junk Vehicle Program

The Junk Vehicle Program provides the public with free removal of junk vehicles year-long. The Junk Vehicle Program's jurisdiction on private property is the removal of vehicles that are surrendered only by *the owner* of the vehicle. Call 406-223-1306 about junk vehicle removal on your property

## COMMON QUESTIONS & ANSWERS

**Who may use the County Green Boxes?** Only members of PCR #1 with a current, visible vehicle hang tag may utilize the Green Box sites. Violators are subject to a misdemeanor fine of up to \$150. Violations can be reported to the Sheriff's office at 406-222-2050.

**What is household garbage?** Household garbage is considered to be trash generated in regular daily activities from your kitchen, bathroom or other areas of your home. Household garbage must be secured in plastic bags or sealed boxes for disposal.

**What about recycling?** Recycling containers are available at select Green Box sites. Recyclable materials include: **Cardboard, Aluminum, Plastic (#1 & #2), Paper and Metal.**

**How do I dispose of items that contain freon?** Freon free certified appliances are accepted free of charge. A \$50 fee is required to remove freon with the exception of Cooke City, where \$70 fee covers freon removal and additional haul costs.

**Where are collection sites located?**

Collection Site locations can be found at [parkcounty.org](http://parkcounty.org)

**What do I do with big items, like mattresses?** In order to deter illegal dumping in Park County, there are convenience roll-off boxes at some Green Box sites that are designated for occasional small quantities of oversize waste. If items cannot be lifted into the roll-off they must be disposed of at the City Transfer Station.

**Why are old tires kept separate?** Tires do not compact well and contain a large amount of airspace in a general landfill. Park County disposes of tires at special tire landfills to reduce operating costs. Disposing of tires in regular Green Boxes may subject you to a \$150 fine.

**What about construction debris?** Construction debris such as wood, shingles, sheetrock, tarpaper, or metal can be taken to the City Transfer Station and is charged on a per ton basis for disposal.

**What do I do with electronic/computer waste, batteries, used oil, or other hazardous waste?** These items are not accepted at any Green Box sites and must be disposed of at the City Transfer Station.

**What are the hours of operation for the City Recycling Center?**  
Open every day 7:00am to 7:00pm
