PETITION FOR EXTENSION OF SURVEYED COUNTY ROAD

TO: The Board of County Commissioners, Park County, Montana

The undersigned freeholders of the road district of Park County, Montana, petition this Board pursuant to Section 7-14-2601, MCA, to alter a county road located in Park County, Montana and represent as follows:

1. The surveyed county road for which to be altered (Extended) is particularly described as follows:

TRACT 6 from attached survey of the Silver Gate, Montana area:

A tract of land in the E half of Section 33. T9S, R14E, MPM, Park County, Montana

The point of beginning is the southeasterly corner of Lot 1, Block H of the Town site of Silver Gate, which point is marked with a Surv Kap.

Thence S29°23.3' E along the easterly line of the Subject Tract of Park County Certificate of Survey #75A, a distance of 132.82 feet to a point marked with a Sur Kap.

Thence 27°41.4'E along the easterly line of that tract of land described in Deeds: R207, P414, a distance of 203.97 feet.

Thence S28°53.8'E along the eastern line of Park County Certificate Survey #623, a distance of 16.82 feet to a point marked with a Surv Kap.

Thence S 27°38.9'E along the easterly line of "Hruza Tract" of Park County Certificate Survey #623, a distance of 16.82 feet to a point marked with a Surv Kap.

Thence S27 46.3'E along the easterly line of the "Bateman Tract" of Plat 629, a distance of 127.31 feet to a point marked with a brass cap.

Thence N61° 32.2'E a distance of 37.79 feet to a point marked with a brass cap.

Thence N 27° 44.3' W along the westerly line of that tract of land described in Deeds: V77, P53 (See C/S 759) a distance of 229.67 feet.

Thence N22° 01.9'W along the westerly line of Trace 1-A of C/S 1494, a distance of 25.93 feet to a point marked with an iron pipe.

Thence N27° 38.1'W along the westerly line of that tract of land described in Deeds: V67.P108, a distance of 211.45 feet to point marked with an iron pipe.

Thence N25° 38.1'W a distance of 141.54 feet to a point which is witnessed by a Surv Kap which is S62°10.7' W a distance of 10.00 feet from the true point.

Thence S62°10.7'W a distance of 49.94 feet to the point of beginning.

2. The surveyed county road is commonly known as "Monument Avenue." Please note that this Petition only seeks alteration of the southwest extension of Monument Avenue which runs southwest from Monument Avenue, crossing Soda Butte Creek via a single-lane and terminating at the Park County gravel road, Bannock Trail. Said portion of Monument Avenue for which alteration is sought is highlighted on the topographical map attached as Exhibit "A."

3. A letter sized and full sized survey of the road is attached as Exhibit "B."

4. A legal description of the petitioned road is attached at Exhibit "C."

5. Signed Petitions of landowners using or adjoining the road are attached as Exhibit "D" consisting of 14 pages, listing 86 freeholders.

6. A list of adjoining landowners using or adjoining the road including their property tax identification numbers is attached as Exhibit "E" consisting of 14 pages, listing 86 freeholders.

7. Proof that all adjoining landowners who have been notified of the petition is attached as Exhibit "F." (USPS Certified Mail Receipt)

8. According to the Park County Director of Public Works, Monument Avenue has been designated as "Public Use."

9. The advantage and necessity for this petitioned action is as follows:

Monument Avenue extension provides the only automobile access for residents of Silver Gate, MT who live along the Bannock Trail. Significantly, this road and bridge provides the only escape for residents along the Bannock Trail, should a wildfire or other emergency necessitate. Bannock Trail is currently maintained by Park County, primarily through a contractor. The contractor must drive his equipment on Monument and its extension to gain access to work area, and has made drainage improvements which have impacted Bannock Trail, Monument Avenue and the extension of Monument. Monument Avenue provides access to Federal and State lands. We believe that it is in the best interest of our residents, service providers, Federal and State agencies and visitors, as well as vital to our continued safety, that the extension of Monument Avenue be designated a county road. The petitioned action will be to terminate further controversy regarding the status of Monument Avenue and Bridge and maintenance thereof.

10. The current known landowners have signed and returned said petition. The bridge owner has not responded to the petition and probable cost of the subject is not known. The surrounding freeholders and bridge users would expect Park County to acquire the extension through "eminent domain."

11. To the best of Petitioners' knowledge, there are no public utility installations upon or beneath the Monument Avenue for which extension is sought.

12. The Petitioners request that the County Commission record a certified copy of the Resolution which extends Monument Avenue for which extension is sought in the office of the Park County Clerk and Recorder, for the purpose of imparting public notice.

13. In accordance with Park County Petition Requirement for the Alteration of a County Road, a \$300.00 fee for altering a county road accompanies this Petition; a letter and full sized survey of the road accompanies this Petition and a diagram and topographical map of the area illustrating road route also accompanies as identified in documents noted above.

Park County Commissioners
ATTN: Tara DePuy, Civil Attorney

Livingston, MT 59047

Tara,

At the request of the commissioners, I have conducted a records search regarding Park County, Montana ownership issues in Silver Gate, Section 33, Township 9 South, Range 14 East. Research focused on Monument Avenue within the platted town site, a bridge crossing Soda Butte Creek, and an extension of Monument Avenue outside the platted town site which connects with Bannock Trail.

According to documents filed with the Park County Clerk and Recorder, the Silver Gate town site was surveyed by the County Surveyor and Town site Plat #223 was filed July 11, 1932. Park County Commissioners approved the plat and dedicated streets and alleys on September 6, 1932 (*Commissioner Proceedings, V. 5, pg. 434*). The southern boundary of the town site is indicated as Soda Butte Creek and Monument Avenue terminates on the north bank of the stream. An addition to the east of the original Silver Gate town site, Duffy Meadows, was platted (*Plat #225*) and dedicated by county commissioners on December 17, 1947 (*Commission Proceedings, V. 7, pg. 215*). As in the case of the original town site, the Duffy Meadow addition lies north of Soda Butte Creek.

Plat #224, filed October 6, 1945, delineates tracts developed south of Silver Gate and indicates a bridge across Soda Butte Creek at the southern end of Monument Avenue. A roadway aligning with Monument Avenue extends southward to intersect with Bannock Trail. I have found no documentation declaring the bridge or the roadway extending from Monument Avenue south to be county owned.

Rather, the roadway appears to have been privately created and used by the public to access tracts south of Soda Butte Creek and to connect with Bannock Trail road. Land surveyor Hank Rate has addressed tract and roadway status in notations included in Certificate of Survey 2185, which delineates un-conveyed tracts through which the roadway passes.

A portion of Bannock Trail road abandoned in 1976 (*Road Abandonment File #19*) describes the vacated portion of Bannock Trail as extending "...to a point on the Westerly line of Monument Avenue, were it to be extended." Such language seems to suggest the eventual possibility of creating a county road, however it appears that the

APR 20 2017

county road petition process necessary to extend Monument Avenue beyond the Silver Gate town site has not been pursued.

Additionally, Road Petition #385 (Road Documents Book) petitioned commissioners to repair Monument Avenue portions "...which is adjacent to and in part within..." the town of Silver Gate. A notation on the petition included an appeal to repair the roadway leading to "...two cabin camps..." However, Road Petition # 385 is undated and I was unable to ascertain what action was taken, if any.

Summary

Based on documentation in Park County Clerk and Recorder files, Monument Avenue is located entirely within the town site of Silver Gate, Montana and is situated north of Soda Butte Creek in Section 33, Township 9 South, Range 14 East. Streets and alleys within the town site were dedicated as county roads September 6, 1932.

At least by the mid-1940s, a bridge of undetermined origin was constructed across Soda Butte Creek and a roadway aligning with Monument Avenue was extended southward to connect with Bannock Trail road. It appears this bridge and roadway extension is a private byway which has remained unrestricted to public use. No petition and declaration process documents regarding this road segment were found.

An overview of research suggests that from time to time the county might have provided repair of the extension road, however it is assumed that if county work was done, it was the result of honoring a request or as a courtesy, not because of county ownership.

Investigative Recommendation

An upshot relating to determining the status of Silver Gate roads involves the historically significant Bannock Trail. In correspondence with the Commission dated September 27, 2007, Hank Rate noted that the 1976 abandonment of the portion of Bannock Trail cited herein, "...has some interesting implications for the remainder of the Bannock Trail, as well as regarding an historic travel route, with some historic markings."

While comprehensive research regarding Bannock Trail's course through the Cooke City/ Daisy Pass area is beyond the scope of this report, I recommend that a full investigation of the historic Bannock Trail and its present day use be considered when priorities and time allow.

Sincerely,

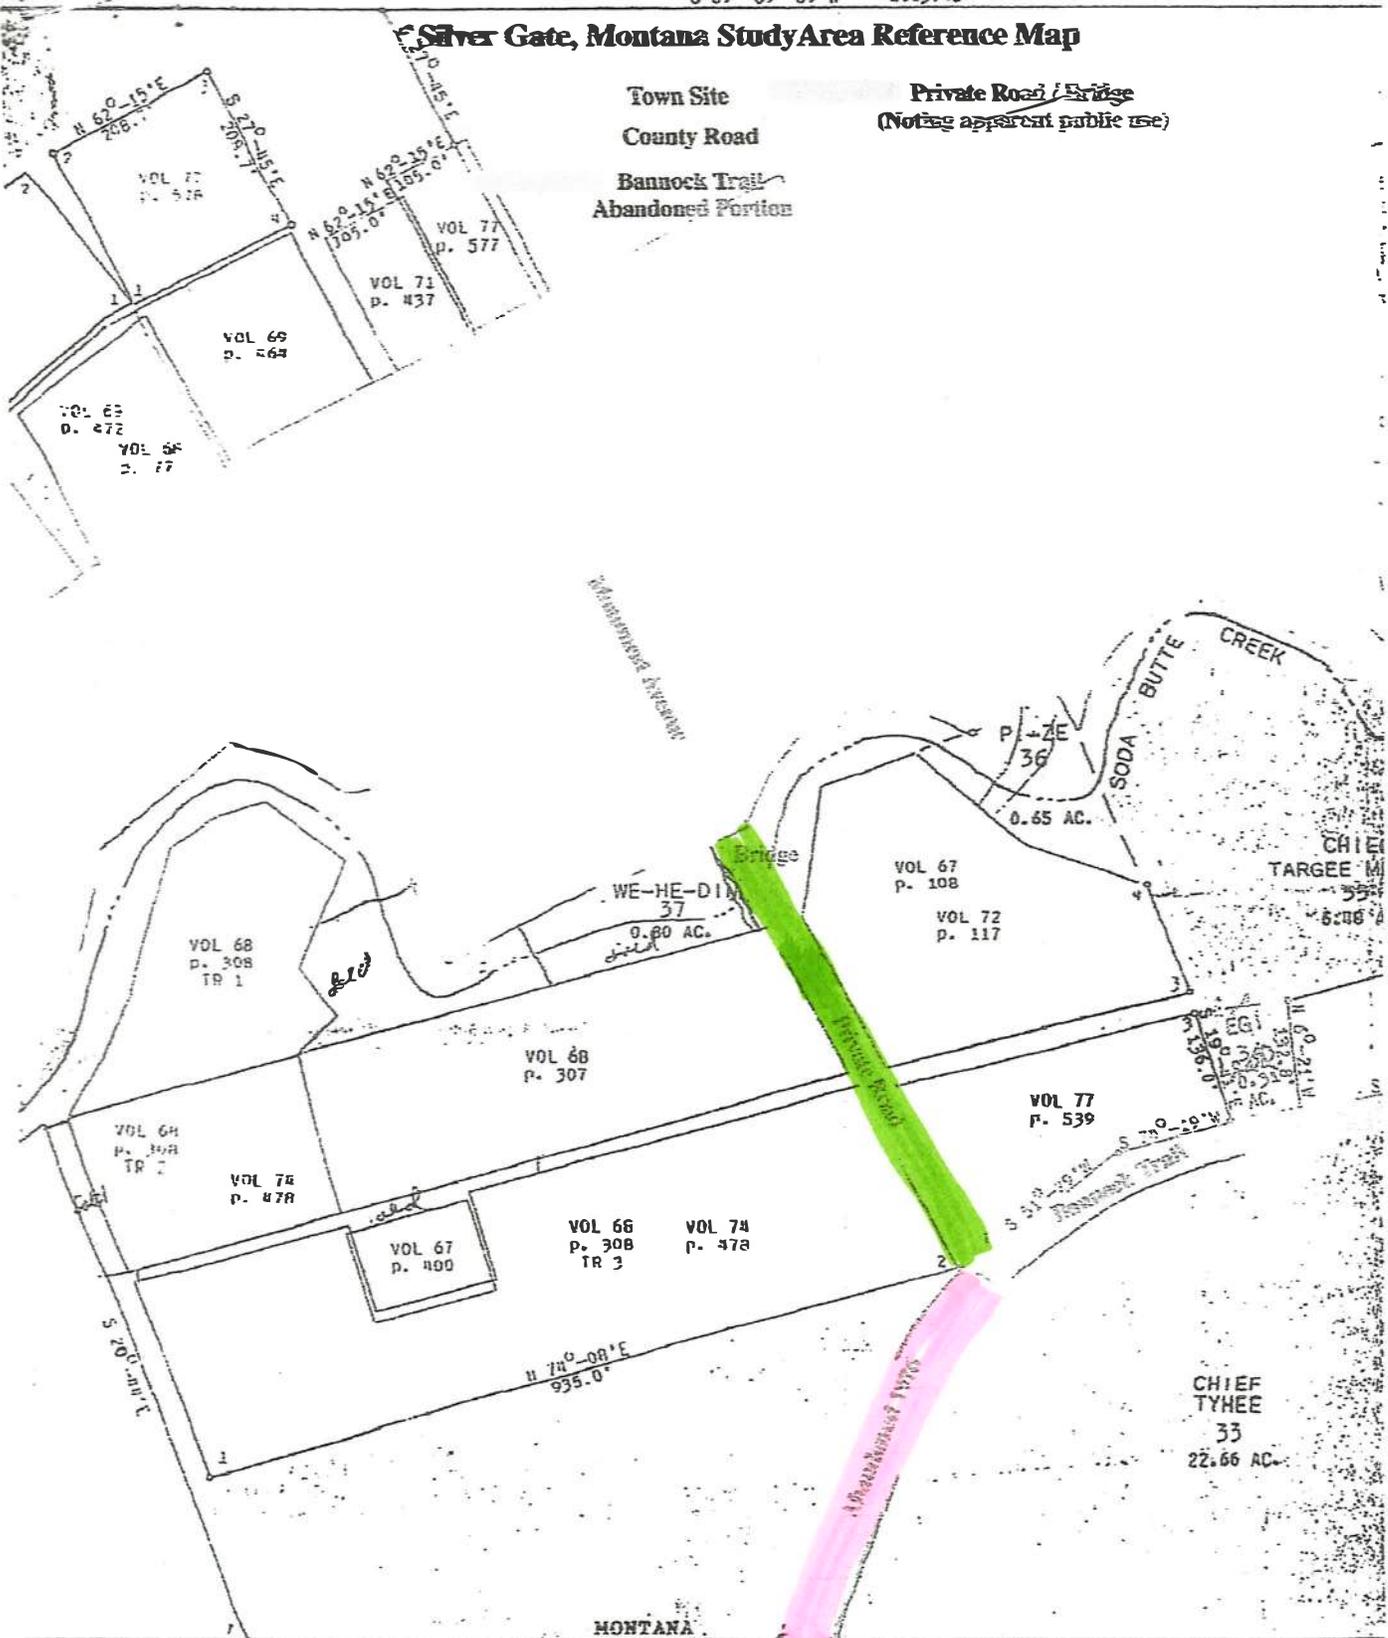

Jerry Brekke

EXHIBIT "A"

APR 20 2017

Tracts 1, 2, and 4 are isolated fragments. Tracts 3, 5, 6, and 7 are contiguous, but are segregated to facilitate future clarification of the status of each.

Tract 5 has not been deeded away, but is a dead end and is encumbered by a private easement for the benefit of tracts south of the roadway.

Tract 6 contains a long-established roadway which serves as a southerly extension of Monument Avenue, connecting the Townsite of Silver Gate to the Bonrock Trail. Tract 6 has been "protected" in that previous conveyances have left a gap of varying width, presumably to accommodate the roadway.

Tract 7 contains much (but not all) of the roadway known as the Bonrock Trail. This easement runs through Sections 27, 33, and 34 south of Soda Butte Creek. Hence the historic trail, in its primitive form, continues east to Cooke City. Tract 7 has been "protected" in that previous conveyances have left a gap of varying width, presumably to accommodate the roadway. It should be noted that that portion of the historic Bonrock Trail extending south and west of Tract 7 was abandoned by Park County in 1976.

Greetings Fay:

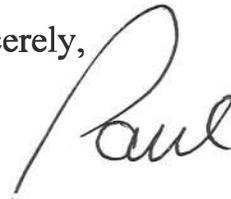

Bob Kellogg contacted me, and forwarded a copy, of your email to him requesting all owners along the Bannock send you a signed and notarized petition asking Park County to accept responsibility to build/rebuild the bridge over the Soda Butte in Silver Gate. As I understand, the request includes land we own in Soda Butte Placer, which is at the east end of the valley between the two communities. I assume that is because the Bannock trail is regarded as the entire backroad from Silver Gate to Cook.

I have an interest in the east part of Soda Butte Placer along with Kellogg, Inc. (I believe all interests of Joe and Bob are now in that name) and Crockett. Your email lists two of my children also, but last summer they conveyed their interest back to me and that deed was recorded last summer. Consequently only my signature is needed as to our family interest in Soda Butte Placer that abuts the trail.

So I enclose a "Signature of Freeholder" document, the form of which was attached to your email to Bob Kellogg, signed and notarized. Good luck in this endeavor!

Hope your winter and the intriguing trips you have planned are all going well. We will be anxious to hear all about them this summer.

Sincerely,

A handwritten signature in cursive script that reads "Paul". The signature is written in black ink and is positioned to the right of the word "Sincerely,".
