### **HISTORICAL NOTE**

Warren McGee was born Sept. 7, 1914 to Howard and Mildred McGee. He was one of five children. Howard McGee worked as an engineer for the Northern Pacific Railroad for 52 years in Livingston. Warren McGee graduated from Park County High School in 1933. After school he work in Yellowstone National Park in the summers as a “hand shovel runner” and as a dishwasher off season. In 1936 he began his career with the railroad as a brakeman for Northern Pacific in Livingston. When WWII broke out he was drafted into the Air Force and served for 33 months from 1942-1945. Afterwards he resumed his career with Northern Pacific. In 1946, he was promoted to conductor and married Bernice Lavold of Big Timber. Bernice and Warren had one child, Howard Knute, who was born on Sept. 21, 1946 and died on Nov. 6m 1971 in an auto accident. Warren McGee worked as a conductor between Billings and Butte or Helena until he retired in Oct. 1975.

Warren McGee’s passion for trains began at an early age when he began taking photographs at the age of 30. His collection of train photographs numbered over 45,000. In addition, he took many photographs of events and sites throughout Park County.

Another one of Warren McGee’s passion was history. He spent years researching the Bozeman Trail, Yellowstone Park and Yellowstone Trail. He saved all of his research and convinced others to donate their research and/or family papers to the Park County Museum now the Yellowstone Gateway Museum.

Warren was active in numerous civic activities and organizations including: chairing the Anti-Merger Committee, serving on the board of the Park County Museum, now the Yellowstone Gateway Museum, and the reclamation of the Sacajawea Park Lagoon. Warren developed a boat ramp at Harvat’s Bridge on the Yellowstone, Warren also found time to work on walking paths, install a water line to water the grass and planted 350 trees in the parks.

Bernice and Warren McGee shared numerous civic awards. Bernice originated and managed the Senior Citizen’s Meals on Wheels program, was an advocate for seniors and active with church activities. Bernice served as chairman of the park County Democratic Committee and was appointed by Gov. Tom Judge to be a delegate to the White House Conference on Aging.

Bernice McGee passed on Feb. 15, 2001 and Warren McGee passed in 2017 at the age of 102.

### **SCOPE AND CONTENT NOTE**

Warren McGee was a studious researcher, collector, activist and historian. Throughout his life he was actively involved in numerous organizations. He was passionate about Montana, Park County and Livingstons' history. McGee's focus includes the Bozeman Trail, Yellowstone Trail, Yellowstone National Park and the numerous historic sites and towns throughout Montana. This collection documents McGee's overall Montana research and participation with a focus on Park County and Livingston. McGee served on numerous boards in Park County and Livingston including The Livingston Depot Center and the Yellowstone Gateway Museum.

In 2018, additional material was donated by Warren McGee's estate. This donation included original documents generated by the Northern Pacific, Burlington Northern Railroad and Amtrak, McGee's research on railroads and his active participation in numerous railroad associations and historical organizations. The material from McGee's estate also included numerous boxes filled with his Montana research. Due to the volume, diversity and variety of material his donation was separated into three collections: The Northern Pacific Burlington Northern, Amtrak and Railroad Companies Collection, Railroad Research Collection and the Montana Research Collection. These three collections also include material donated by friends of McGee who shared his passion for the railroad and Montana history.
